FOREWORD

The 1932 Skirmisher has endeavored to picture in the following pages a record of M. P. M. A. life during the school year 1931-32. It has portrayed the events of the Academy in a complete and compact form. In this volume there will be found many things which now hold interest. Later in life also when cadets turn these pages, they will find them interesting and entertaining.

If the corps enjoys and cherishes this volume throughout the years, the staff will feel amply repaid for the work it has expended.

BLAKE HALL

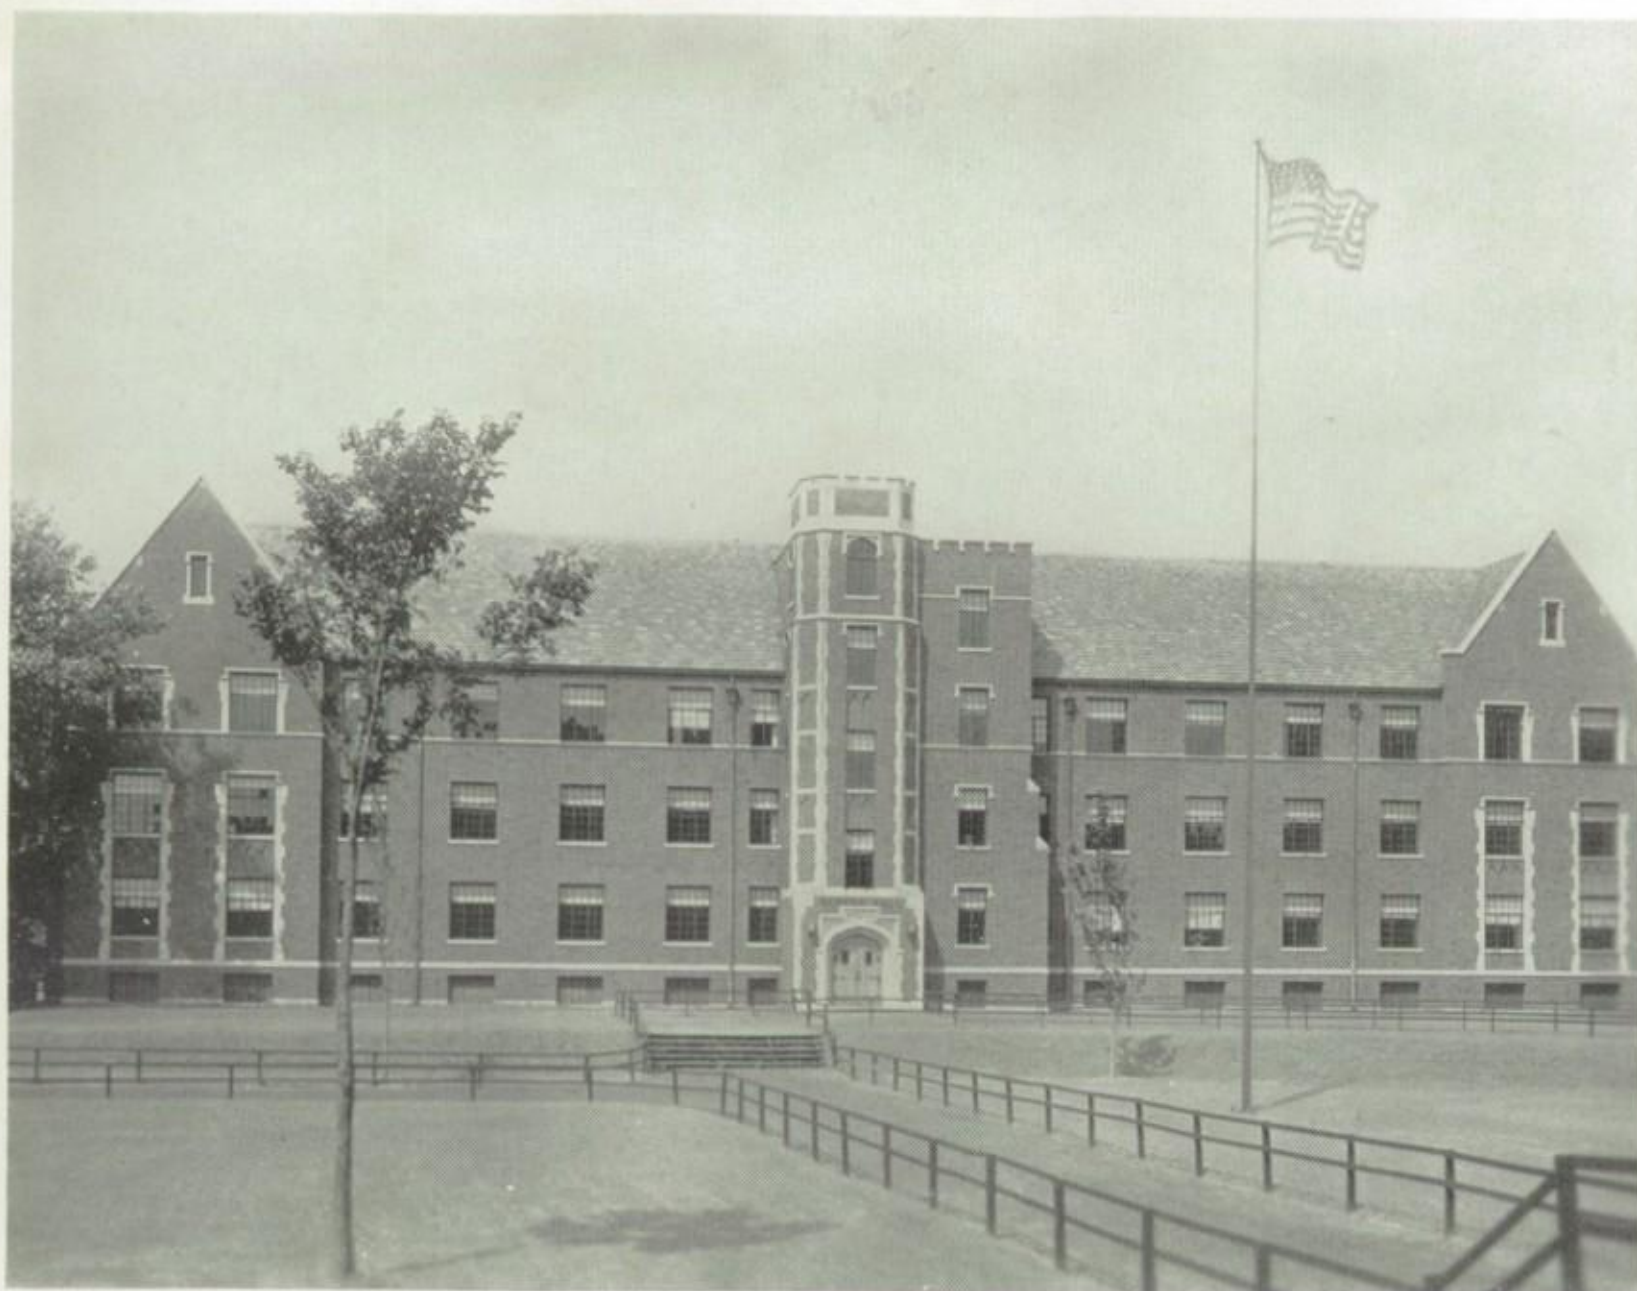

This dignified building is an inspiration to the cadets in the pursuit of the studies destined to aid them in later life. It affords occasion for many pleasant memories long after the exciting yet sad days of graduation. Few can leave without a twinge of regret as they bid farewell to this historic hall.

ALUMNI HALL

Alumni Hall is the most beautiful building on the campus. Cadets spend many happy winter hours in the friendly atmosphere of the great clubroom. The billiard and ping-pong tables vie with the library in furnishing relaxation. The sacred trophy room, located here, is the Academy "holy of holies."

HANSEN HALL

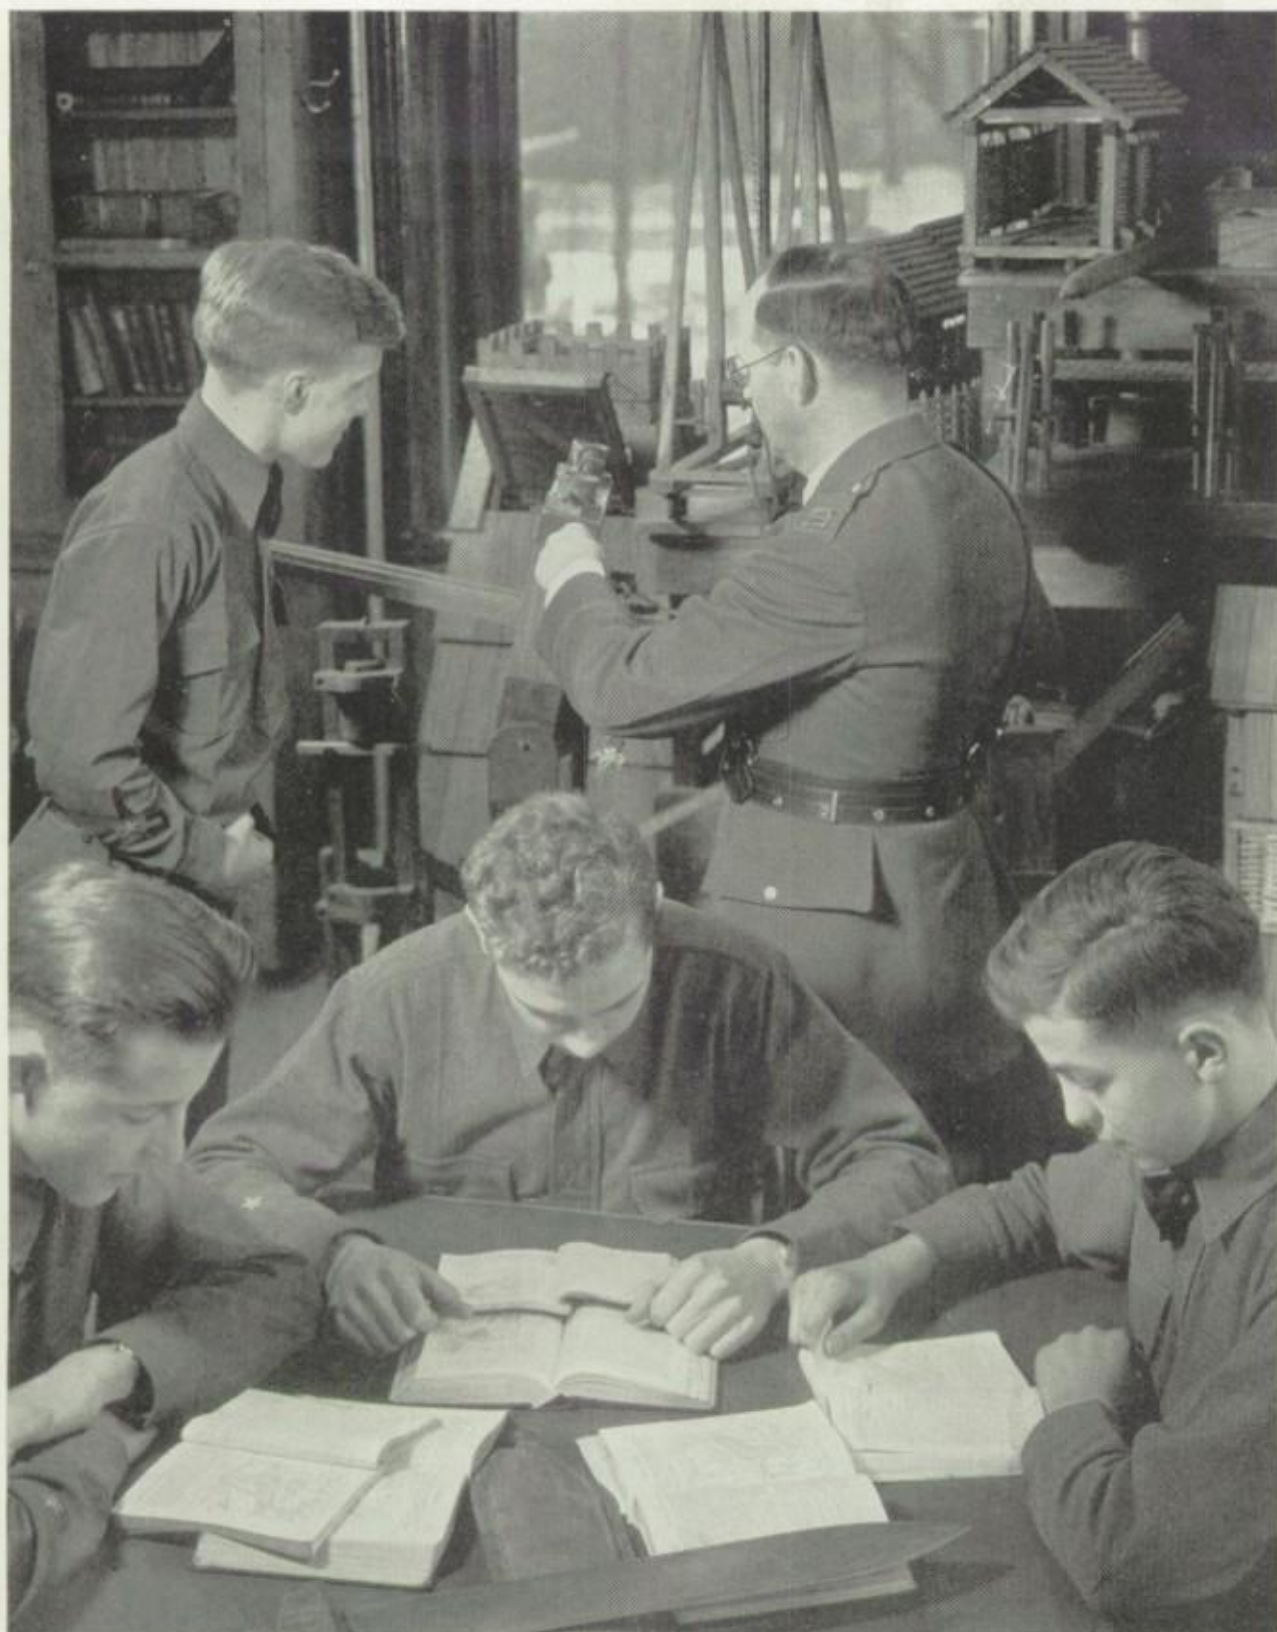

This is the second building to be erected in the plan for "Greater Morgan Park." It also falls in sequence to Alumni Hall in beauty and strength of design. It contains the faculty offices, houses "B" Company and also is the headquarters for the Day Cadets. "C" Company's locker and clubroom, located in the basement, are the pride of the local boys.

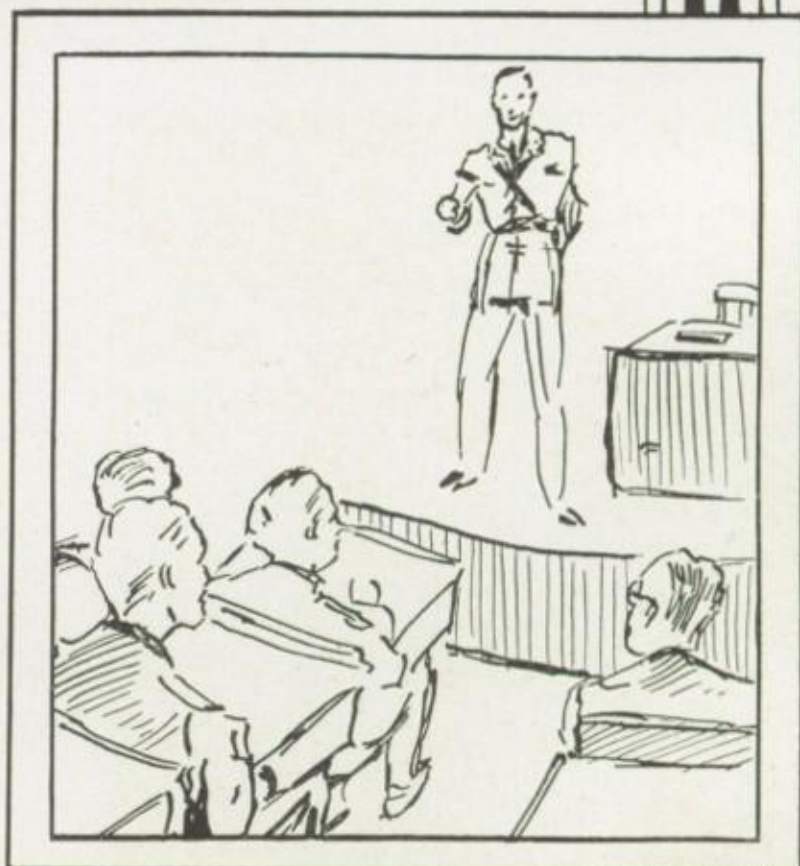

THE GYMNASIUM

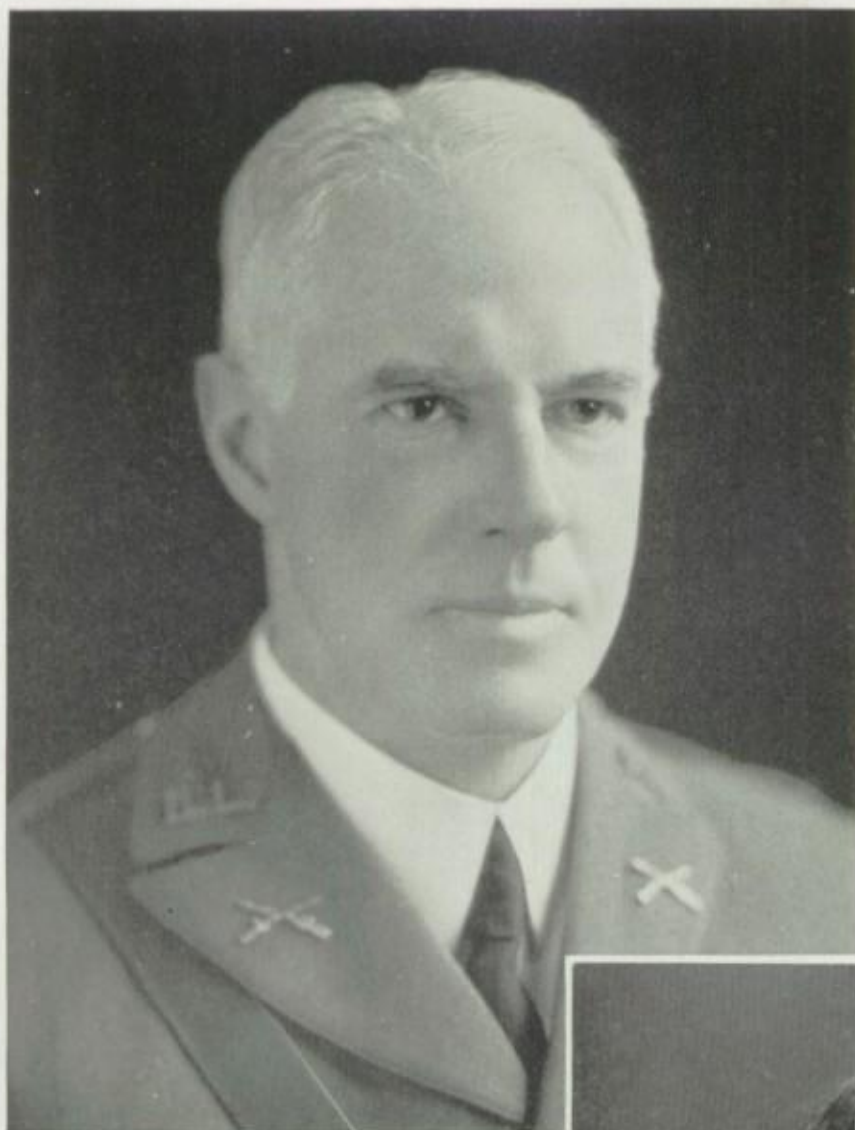

The center of cadet athletic life is in the gymnasium which is always seething with sport and activity. Conference basketball, company games, and the rifle range make it the scene of stirring sports. The great vaulted roof remains intact, despite the frequent attempts of the corps to raise it with their cheers.

The faculty are always ready and willing to aid and advise the cadets in their difficulties, and they form a very cheerful and delightful addition to any group.

FACULTY

COLONEL ABELLS

Col. H. D. Abells

Superintendent

In Colonel Abells the cadets find a real friend and a good soldier. He is one of the most loyal members of the faculty if his attendance at Cadet functions is a criterion. His cheery nature makes many cadets feel that in him they have a good and true adviser. He often ends many chapel periods by giving the cadets the main and underlying idea of the speaker's talk as it applies to our cadet life. His daily visit to the infirmary is appreciated by those who are confined by illness.

Lt. Col. H. E. Jones

Assistant Superintendent

Colonel Jones is the man who helps out the seniors when they are in a scholastic chaos and is therefore remembered by them when they leave the school. The Colonel is always eager to assist and only a word from him is of value. He is one of the most loyal and ardent backers of cadet activities, and no pep meeting would be complete without a last word from him. The Colonel is in constant demand to tell the cadets his numerous stories which are both humorous and helpful.

LT. COLONEL JONES

MAJOR EDWARD BOUMA *Commandant*

Major Bouma is the man who takes care of the cadet life and sees that things run smoothly. He is a man who has sympathy for us when we do wrong, but will always give us a square deal. The Major puts enthusiasm into anything we may do and is loved and respected by all.

CAPTAIN CARL E. DRIGGERS *P. M. S. & T.*

In Captain Driggers the cadets find a real friend and a true adviser. His loyalty to the school is unquestioned, and it is shown by his hard work and sincere efforts in obtaining the honor school rating for the second time, last year. As a proof of their confidence in him, the seniors have seen fit to elect him their adviser this year.

CAPTAIN J. W. GREENMAN *Curator*

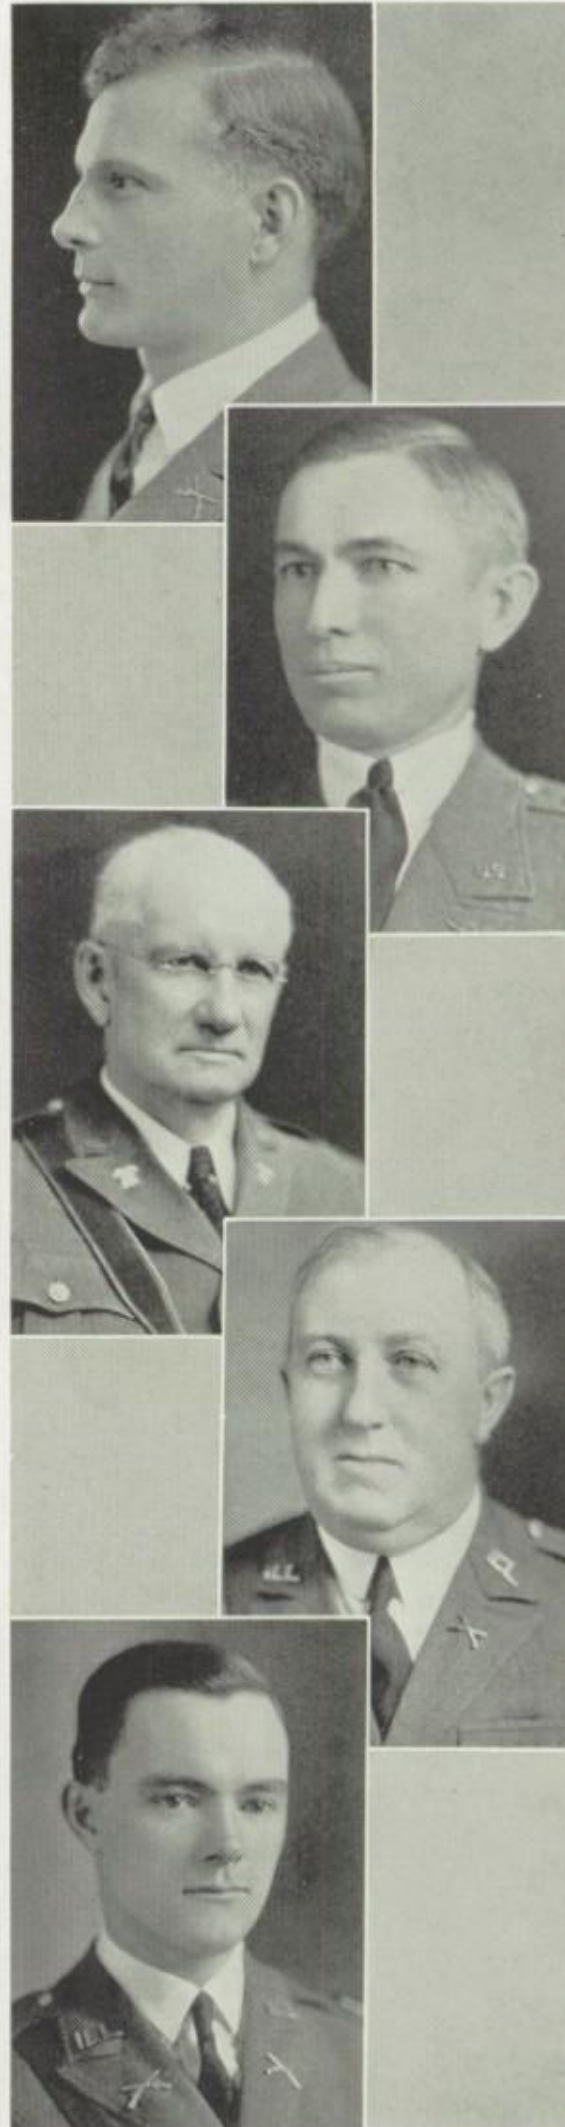

Captain Greenman who has been with us since last year has already endeared himself to the cadets for his kindly attitude. He works hard to make the school a success and has done much to beautify the campus already. He often does hard manual labor himself, which makes him even more popular with the corps of cadets.

CAPTAIN HERMAN MAYHEW *Principal, The Lower School*

Captain Mayhew is an old timer at Morgan Park and is loved by every graduate of the Lower School. He has been at the Academy for a long time. He is highly respected by the cadets. His is a kindly nature and a patient disposition, which are just the things needed for the development of a group of younger boys.

CAPTAIN JOHN DE GRANDPRE *Quartermaster*

Captain De Grandpre has proven himself an able hand at caring for the Academy finances. Besides being quartermaster he has charge of the Juniors in military work and whenever you hear a good laugh emanating from Colonel Jones' room during drill hour you may be sure the captain is showing his humorous side.

CAPT. DAKIN IN CONFERENCE

DISCUSSING A PROJECT

English Department

THE direction of the English department is in the hands of Captains Dakin and Taylor. This department takes in all of the cadets because three years of this subject are now required for graduation and most of the seniors in addition are taking their fourth year of English for college entrance.

Many different methods are used to teach the courses this year. In the fourth year the different works of the great writers are thoroughly studied, and exhaustive exams are given to see if the seniors comprehend the styles of the different authors. In Captain Taylor's classes an outline or syllabus is used. The cadets are required

to do extensive and comprehensive reading of poems, short stories, essays, and novels.

The syllabus used in the Junior year was prepared by Captain Taylor in collaboration with R. L. Lyman, a professor of English at the University of Chicago. Capt. Dakin is the "First English Teacher to greet the timid frosh," and "last to see the gallant grad."

CAPT. TAYLOR

THE MECHANICAL PEDAGOG

Foreign Language Department

THE different tongues taught in this department are: French, Spanish and Latin. Captain Paul teaches the modern languages, French and Spanish, while Captain McIntosh heads the Latin department.

Captain Paul is especially able to teach because each summer he attends school in Mexico, and travels through the country, speaking with the people in their native tongue. He uses his phonograph to help the students get the correct pronunciation and it is also used to help the cadets to memorize poems. He receives periodicals from France, Spain and Mexico which prove interesting to those who have a fair reading knowledge of the languages.

In the Latin department may be found many replicas of the early

CAPT. MCINTOSH

Roman and Grecian implements and weapons. Captain McIntosh also has charts with the different declensions and conjugations on them, which he uses in teaching "those darn things." The students who wish may also have the privilege of using his workshop to build replicas of equipment used in those bygone days.

WHAT MAKES IT GO?

GETTING AN EYEFULL

Science Department

THIS department offers the laboratory sciences, chemistry, physics, biology, and general science. Most of the seniors take chemistry although it is not required. Captain Hewitt instructs the classes and he requires a great deal of written material from them. Physics is a course usually taken by the juniors under the tutelage of Captain Hirschy. This course concerns the science of the world about us, and should give valuable information to the students.

Biology is a sophomore subject, but seniors and juniors also may be found in this class. Captain Dodd teaches the students in the course the basic principles of research and laboratory work that a doctor in the making has to go through. General science is required of all the freshmen and it is handled by Captain Hirschy. In this course the frosh get a start in using the laboratory, and a general knowledge of the science of common things.

WHAT IS THE VALUE OF X?

Mathematics Department

THIS department has more diverse subjects than any in the curriculum. In the freshman and sophomore years algebra and plane geometry respectively are required. In the senior and junior years the following are electives: advanced algebra, trigonometry, solid geometry, college algebra, and mechanical drawing. Those who teach in this department are: Captain Gray, Captain Mahon, Colonel Abells and Mr. Price. Captain Gray is in charge of the department.

In the junior year the same schedule that was inaugurated last year has been carried out. Trigonometry is followed by advanced algebra instead of solid geometry. Mechanical drawing under the instruction of Captain Mahon is another form of mathematics. This subject has proven very popular with the student body. The purpose of the course is to teach the basic principles of draftsmanship.

CAPT. MAHON

CAUGHT IN A SPEED TEST

Social Science Department

THE Social Sciences consist of the following subjects: world history, American history, American government, social problems, community civics, economics, and typewriting. Most of these courses are taught by the unit system, which has proven very popular with the cadets.

World history is under the direction of Captain Hewitt, and it is a combination of modern and medieval and ancient history. It formerly took two years but is now a one year course. Colonel Jones teaches American history and this course is now required of all graduates. American Government is taught by Captain Fleming. The intricacies of social problems and economics are taught by Captain Mahon, each subject requiring a half year. The freshmen are all required to take community civics from Captains Dodd and Wilson. This subject is very essential in starting the freshmen off right in the social sciences. Typewriting is taught by Mr. Price, and many take this course because it helps them a great deal in being prepared to write their college papers.

The seniors are, beyond a doubt—that is to quote the seniors—lords of creation. We are indebted to them for their example of splendid spirit and loyalty.

ROBERT F. CLEVELAND	Treasurer
CHARLES KOZEL	Sergeant-at-Arms
CAPTAIN CARL E. DRIGGERS	Faculty Adviser

WITH the graduating of these men we cannot but feel that we are losing some of the most capable and spirited leaders that we have ever had among us. During their stay at the Academy they have shown fine spirit and have set an example for coming classes to live up to. We sincerely hope that many of them will gain as much prominence after they graduate as they have here. They are leaving vacancies among the officers which will no doubt be hard to replace. The whole corps join in wishing them success individually in whatever line they take up, and we hope that they will keep up the friendships that they have made while at the Academy.

The 1932 Skirmisher

EDWIN M. ADAMS "Ed"

Born September 28, 1914, in Gridley, Illinois. Entered M. P. M. A. in 1931 from Gridley High School. Private Co. B (1); Weight Lifting (1); Public Speaking (1); Gamma (1).

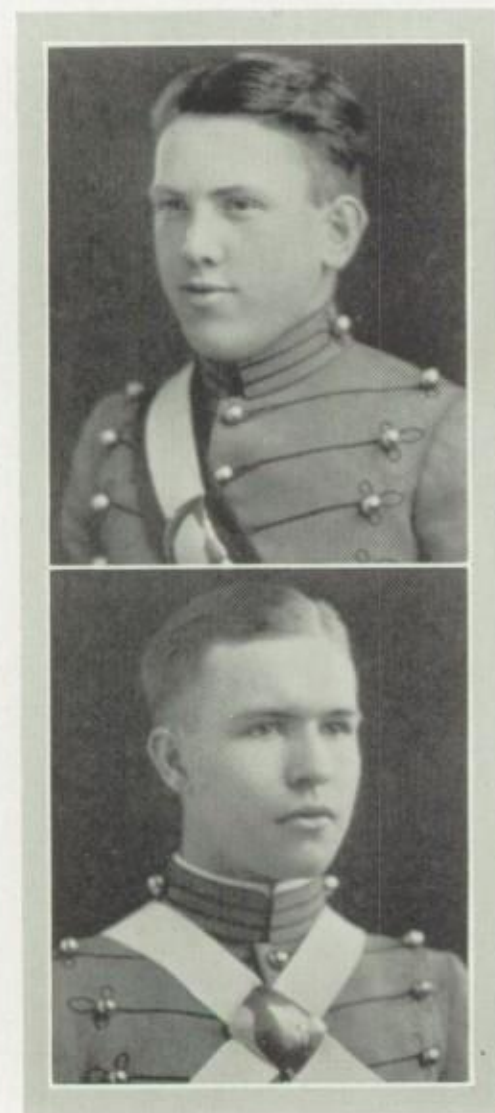

Ed came to us this year from Gridley with his pal Boies. His main objective while here was to be a weight lifter and he took it up in a serious manner, and blossomed out to be quite a heaver. His good nature has won him many friends in his short stay.

SERVIO T. ANDRADE "Chivo"

Born March 16, 1912, in Mexico. Entered M. P. M. A. in 1930 from Escuela Central de Mexico. Private Co. B. (1, 2, 3); Lightweight Football (3); Track (1, 2, 3); Fencing (1, 2); Boxing (2); Weight Lifting (3); Wrestling (2); Spanish Club (2).

This cadet is Mexico's representative in the senior class. As a fencer there are few who are equal to him. This year he devoted his athletic periods to boxing, wrestling and weight lifting. Most of the time however he pals around with his friends from Mexico.

ALBERT E. BENNETT "Al"

Born January 15, 1914, in Chicago. Entered M. P. M. A. in 1928 from Kelvin Park Junior High School. Private Co. B. (1); Corporal (2), Sergeant (3), Staff Lieutenant (4); Lightweight Football (1, 2), Heavyweight (3, 4); Track (3, 4); Company Athletics (1, 2, 3, 4); Golf (1, 2); Wrestling (1, 2); Spanish Club (3); Glee Club (3); SKIRMISHER (3); R. O. T. C. Camp (3); Gamma (2, 4); Proficient (2, 4).

"Red" is one of these boys who has the sticking spirit. He stayed out for the varsity for two years and this year he won his letter. He holds down the office of adjutant's personell in a very efficient way.

WILBUR H. BOIES "Wilb"

Born January 22, 1914, in Gridley, Illinois. Entered M. P. M. A. in 1931 from Gridley High School. Private Co. A (1); Heavyweight Football (1); Track (1); Weight Lifting (1); Emblem Club (1); Glee Club (1); Gamma (1); Proficient (1).

Wilbur came to us from downstate and in his short stay here, he has proven to be quite an athlete. He won his varsity letter in football in one year which is quite an accomplishment. In his spare time Wilbur waits on Captain Mahon's table, and that's a job!

The 1932 Skirmisher

WILLIAM H. BROWN . . . "Bill"

Born September 28, 1913, in Chicago. Entered M. P. M. A. in 1928 from Alice Barnard School.

Private Co. C (1, 2); Corporal (3); Sergeant (4); Baseball (2, 3, 4); Company Basketball (2, 3, 4); Volleyball (2, 3, 4); Indoor Baseball (1, 2, 3, 4); Indoor Track (4); Boxing (2, 3); Weight Lifting (4); Wrestling (2, 3, 4); Bridge Club (3).

"Bill" is the pride of Captain Paul's weight lifting class. It isn't very safe to exchange swats with him either. He has shown his real stuff in the last two years and holds down the job of sergeant in the day student company.

DICK M. CALVERT . . . "Buddy"

Born September 23, 1912, in Francesville, Indiana. Entered M. P. M. A. in 1929 from Senn High School.

Private Co. A (1); Corporal, Staff (2, 3); Cheer Leader (3); Indoor Baseball (1, 2, 3); Boxing (1); Bridge Club (3); Glee Club (3); Y. M. C. A. Coach (3); Camera Club (3).

"Dick" is the pride of the staff having gotten out of more drill than any other member of it. He is a member of that school outfit that gives up many afternoons to lead cheers. Many games have been pepped up by his efforts.

HAROLD CANNON . . . "Joe"

Born July 17, 1913, in Chicago. Entered M. P. M. A. in 1928 from Sutherland School.

Private Co. C (1, 2, 4); Corporal (3); Lightweight Football (2, 3, 4); Baseball (3, 4); Company Basketball (2); Volleyball (2); Rifle Team (1, 2, 3); Weight Lifting (4); SKIRMISHER (3); Proficient (2, 3).

The big shouldered silent man, Joe. He has many friends among the corps for his slick humor and love of fun gets him into any crowd. His strong determination keeps him going in many things, math included.

JOHN I. CARNAHAN . . . "Jack"

Born June 6, 1914, in Chicago. Entered M. P. M. A. in 1925 from Armstrong Public School.

Private Co. A. (1); Corporal (2); Sergeant (3); Lightweight Football (3); Lightweight Basketball (1, 2); Company Basketball (3); ACADEMY NEWS (1, 2, 3); Guardians (2); Beta (3); Honor (2, 3); Proficient (2).

We almost thought that we had lost John but he returned for his last year, much to our pleasure. Captain Dakin also liked this for he had to have someone in class that could answer at least half the questions. In other things he was also ahead of the rest.

The 1932 Skirmisher

JOHN B. CATCH

"Jack"

Born February 3, 1915, in Chicago. Entered M. P. M. A. in 1923 from the M. P. Junior School.

Private Co. A. (1); Corporal (2); Sergeant (3); Captain Co. B. (4); Bantamweight Football (1, 2); L. W. (4); Bantamweight Basketball (1, 2); L. W. (4); Track (4); Co. Basketball (1, 2, 3); Volleyball (1, 2, 3); Golf (1, 2, 3, 4); Bridge Club (3); ACADEMY NEWS (1, 2, 3, 4); Editor, SKIRMISHER (3); Guardians (1, 2, 3), Pres. (4); R. O. T. C. Camp (3); Proficient (1, 2, 3); Gamma (3); Beta (3); Honor (1, 2, 3); President, Junior and Senior Class.

Jack reaches for the highest honors in any subject or activity that he enters, except "Solid." What's more he usually succeeds in getting them. Even though his work has been divided between the two boarding student companies he has an equal number of friends in all three.

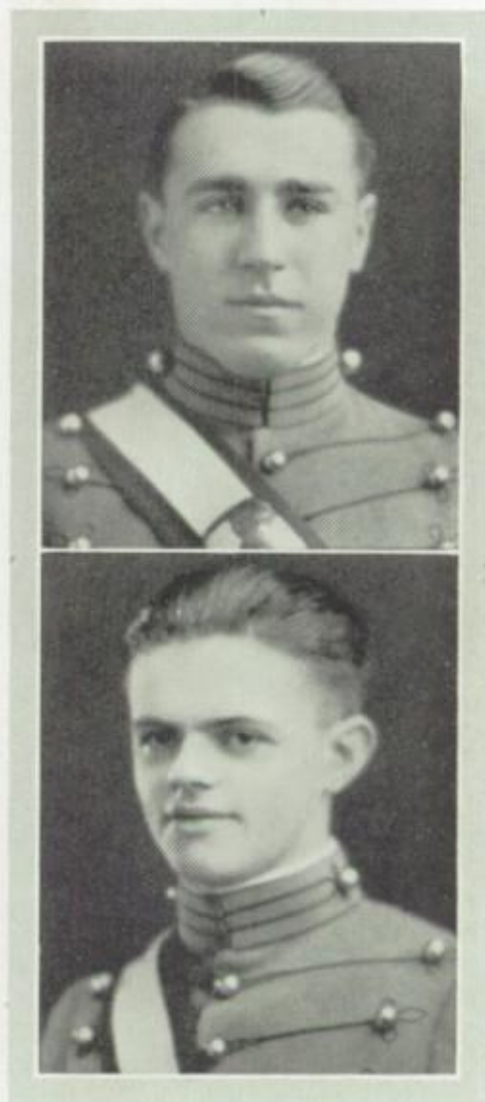

ROBERT F. CLEVELAND

"Frog"

Born November 8, 1919. Entered M. P. M. A. in 1928 from O'Keefe Grammar School.

Private Co. C. (1); Corporal (2); 1st Sergeant (3); Captain (4); L. W. Football (2); Track (4); Volleyball (3, 4); Hare & Hound (3, 4); Indoor Track (4); Indoor Baseball (3, 4); Rifle Team (1, 2, 3, 4); Debate Team (3); Spanish Club (2, 3); Rifle Club (3); ACADEMY NEWS (2, 3); SKIRMISHER (3); Guardians (2, 3, 4); R. O. T. C. Camp (3); Debate Medal (3); Freshman Scholarship (1); Distinguished (1, 4); Beta (4); Honor (2, 3); Gamma (2); Proficient (3); Vice-Pres., Junior Class; Treasurer, Senior Class.

"Bob" is one of the boys who kept the morale of the day students up so high. Besides being about the best rifle shot in the school he is an active leader in many other activities.

HAROLD A. CORDES

"Em"

Born December 10, 1914, in St. Louis, Missouri. Entered M. P. M. A. in 1928 from Ryder School.

Private Co. C. (1, 2); Corporal (3); 2nd Lieutenant (4); Lightweight Football (2, 3, 4); Track (3); Company Basketball (1, 2, 3, 4); Volleyball (4); Hare & Hound (4); Indoor Track (4); Indoor Baseball (2, 3, 4); Rifle Team (1); SKIRMISHER (3, 4); R. O. T. C. Camp (3).

Harold, the cartoonist of the corps, is a faithful worker at whatever task is assigned to him. He has made the greatest success in the work he has done with second platoon of "C" company. Besides cartoons he has left the school more than one pencil sketch.

J. CLARK DOLLIVER

"Clark"

Born April 7, 1913, in Battle Creek, Michigan. Entered M. P. M. A. in 1929 from Battle Creek High School.

Private Co. B. (1, 2); Sergeant Co. B. (3); ACADEMY NEWS (3); SKIRMISHER (3); Classical Club (1, 2, 3); Honor (1).

Although Clark has missed one or two of the usual four years spent here, "B" company uses him like a four year man. They surely have not over estimated his ability either. We all wish him luck in his family's pride—the newspaper business.

The 1932 Skirmisher

ROBERT B. DUDLEY . . . "Dud"

Born January 28, 1914, in Clinton, Iowa. Entered M. P. M. A. in 1928 from Sutherland Public School.

Private Co. C. (1, 2, 3); Battalion Supply Sergeant, Staff (4); Rifle Team (2, 3, 4); ACADEMY NEWS (4); R. O. T. C. Camp (3).

"Dud" never hurries to do anything or say much, but what he says is well worth listening to, and what he does is worth watching. With other members of the staff he takes care of the cannon. Ask Captain Hirschy about his electrical inclination.

WILLIAM A. EICH . . . "Ike"

Born September 5, 1913 in Chicago. Entered M. P. M. A. in 1930 from Lake View High School.

Private Co. A. (1, 2); Lightweight Football (1, 2); Lightweight Basketball (1, 2); Baseball (1, 2); Emblem Club (1, 2); Proficient (1, 2).

When fun is poked at someone they usually pick on "Bill". His good attitude takes everything. He is one of the five stars of the lightweight basketball team. Many call him the star. Out on the diamond he helps the rest of the infielders.

GENE J. FAY . . . "Gene"

Born May 21, 1913, in Fulton, Illinois. Entered M. P. M. A. in 1931 from Fulton High School.

Private Band (1); Lightweight Football (1); Heavyweight Basketball (1); Bridge Club (1); Glee Club (1); Classical Orchestra (1); Honor (1); Gamma (1).

Here is another senior who entered the Academy this year. In this short period of time he has won many friends. He went out for lightweight football, and varsity basketball. He showed his vocal ability in the minstrel show.

LE ROY F. FROEMKE . . . "Bedelia"

Born April 17, 1912, in Chicago. Entered M. P. M. A. in 1928 from Harper Junior High School.

Private Co. C. (1, 2); Corporal (3); 1st Sergeant (4); Heavyweight Football Manager (3, 4); Company Basketball (3, 4); Volleyball (3, 4); Indoor Baseball (3, 4).

LeRoy is the most popular football manager the school has ever had. Two years with the heavies is his record. With the right "crack" at the right time he has used his influencing powers to line "C" Company up in its formations.

The 1932 Skirmisher

HENRY FURMANIAK

"Heinie"

Born March 25, 1914, in Chicago. Entered M. P. M. A. in 1928 from Arthur A. Libby Public School.

Private Co. A. (1); Corporal (2); 1st Sergeant (3); 1st Lieutenant (4); Heavyweight Football (1, 2, 3, 4); Heavyweight Basketball (1, 2, 3, 4); Baseball (1, 2, 3), Captain (4); Emblem Club (2, 3, 4); Glee Club (4); R. O. T. C. Camp (3); Guardian (4); Junior Class Secretary and Treasurer; Senior Class Secretary.

"Heinie" is another three letter man and also captain of the baseball team. He does his best in any part, as chief of a pow-wow, as first lieutenant, or as a player on the major teams. He has many friends among the corps.

THOMAS C. GATELY

"Tom"

Born June 12, 1914, in Chicago. Entered M. P. M. A. in 1928 from Holy Rosary School.

Private Co. A. (1, 2); Sergeant (3); Captain (4); Bantamweight Football (1); Lightweight Football (2, 3, 4); Bantamweight Basketball (1); Lightweight Basketball (3); Co. Basketball (2, 4); ACADEMY NEWS (3); SKIRMISHER (3); Guardian (3); R. O. T. C. Camp (3); Honor (2); Proficient (2, 3); Junior, Sergeant-at-Arms; Senior, Vice-President.

Tom goes in for everything that appears hard, and this is one of the main reasons for his reaching high in military. He is the "A" company commander. He applies all of his ability to each of many activities as an outstanding leader in the corps.

LEE GLADSTONE

"Lee"

Born May 22, 1914 in Riverdale, Illinois. Entered M. P. M. A. in 1928 from Bowen High School.

Private Co. A. (1, 2); Corporal (3); Sergeant (4); Lightweight Football (1, 2, 3); Baseball (2, 3); Company Athletics (1, 2, 3, 4); Boxing (1); Reading Club (3); ACADEMY NEWS (3); SKIRMISHER (3); R. O. T. C. Camp (3); Gamma (2); Proficient (2, 3).

"Lee" is a confirmed bachelor. He has great literary abilities and we hope that this will help him get along when he leaves school. In any cadet gathering he is the wit of the bunch and when anything is dull, just call Lee, he'll oblige you.

PHILIP S. GRAVER

"Grav"

Born May 12, 1912, in Chicago. Entered M. P. M. A. in 1928 from Sutherland Grammar School.

Private Co. C. (1, 2, 3, 4); Heavyweight Football (2, 3); Captain (4); Heavyweight Basketball (2); Track (2, 3); Company Basketball (1, 2, 3); Indoor Baseball (2, 3); Golf (1, 2, 3, 4); Emblem Club (2, 3), President (4); ACADEMY NEWS (3).

Being elected captain of the varsity football and golf teams show the esteem in which "Phil" was held by his teammates. Although he is one of the best football players ever seen around the campus, he is one of the most quiet cadets in school too.

The 1932 Skirmisher

JOSEPH N. GRIMSHAW . . . "Joey"

Born October 9, 1915, in Detroit, Michigan. Entered M. P. M. A. in 1930 from Hyde Park High School.

Private Co. B. (1); Corporal (2); Bantamweight Football (1); Lightweight (2); Bantamweight Basketball (1); Track (1); Company Basketball (1, 2); Hare & Hound (2); Indoor Track (2); French Club (1); Bridge Club (2); Glee Club (2); Honor (1, 2); Gamma (1, 2); Proficient (1).

English and Math take up most of "Joey's" studying time. He hopes to use the latter to a special advantage as a mechanical engineer. If he tries as hard at this work as he has in school we know he will make a success of it.

BRUCE D. GROHARING . . . "Bruce"

Born October 5, 1913, in Clinton, Iowa. Entered M. P. M. A. in 1931 from York Community High School.

Private Band (1); Lightweight Football (1); Lightweight Basketball (1); Baseball (1); Glee Club (1); Proficient (1).

Bruce is another senior who entered the Academy this year. He played lightweight football, and made a name for himself in lightweight basketball. He shows his musical talent by playing a cornet in the band.

FLOYD K. HAAS . . . "Mule"

Born August 1, 1914, in Milwaukee, Wisconsin. Entered M. P. M. A. in 1928 from Fenger High School.

Private Co. C. (1, 2); Corporal (3); Sergeant (4); Heavyweight Football (1, 2, 3, 4); Company Athletics (1, 2, 3, 4); Wrestling (4); Emblem Club (2, 3, 4); ACADEMY NEWS (1, 2); SKIRMISHER (3); R. O. T. C. Camp (3); Proficient (1, 2, 3).

When an opponent was tackled hard we often found "Curly" had something to do with it. Three years the opposing football teams feared him. He also wields a wicked bat. In the company he had to have a job. You can't hold a good man down.

IRVING H. HERRIOTT . . . "Cannon Ball"

Born December 9, 1911 in Morgan Park. Entered M. P. M. A. in 1924 from the Arlington School.

Private Co. C. (1, 2, 3); Track (1, 2, 3); Co. Basketball (2, 3); Volleyball (3); Tennis (2, 3); Emblem Club (2, 3); ACADEMY NEWS (2).

Again we have one of those day students with a handy car. The track team is one of the things that holds Irv around school in the spring. He was also one of the members of that Senior class football team.

The 1932 Skirmisher

OTTO C. HUBER

"Doc"

Born July 26, 1914, in Chicago. Entered M. P. M. A. in 1928 from John Marshall School.

Private, Band (1); Corporal (2); Sergeant (3); 1st Lieutenant (4); Tennis (2, 3, 4); Rifle Team (1, 2, 3, 4); Classical Club (2, 3, 4); SKIRMISHER (3); Guardians (4); R. O. T. C. Camp (3); Honor (2); Proficient (1, 2, 3, 4).

"Charley" is the quiet easy chap who has kept the band going. The members of that unit have kept him busy for the past year. With them, he has made a distinct success. For his indoor sport he fires on the rifle team.

PAUL B. HOWLAND, JR.

"Howie"

Born August 28, 1914, in Chicago. Entered M. P. M. A. in 1931, from Morgan Park High School.

Private Co. C. (1, 2); Lightweight Football (2); Proficient (2).

If you don't think you can acquire friends in a year and a half, just ask Paul. He is one of the day students that always helps a boarder in need, by using the facilities which are not usually available to the boarders.

ROBERT HAROLD ICKES

"Stub"

Born August 30, 1913, in Chicago. Entered M. P. M. A. in 1930 from Northwestern Military and Naval Academy.

Private, Band (1, 2); Lightweight Football (2); Company Basketball (1); Hare & Hound (2); Tennis (1, 2); Boxing (1, 2); Weightlifting (2); Wrestling (1, 2); French Club (1); Glee Club (2); Dramatics (1); Gamma (1).

Although only having been with us a little over a year, "Bob" fits in like a four year man. Any member of the wrestling team will tell you of his ability in that line. He is plenty of fun in any crowd with his joking and humorous tricks.

ROBERT S. INNES

"Bob"

Born July 4, 1914, in Chicago. Entered M. P. M. A. in 1928 from the Morgan Park Elementary School.

Private Co. C. (1, 2); Sergeant, Staff (3); 1st Lieutenant (4); Bantamweight Football (1); Heavyweight (3); Hare and Hound (2, 3, 4); Rifle Team (1, 2, 3); SKIRMISHER (3); R. O. T. C. Camp (3); Beta (3, 4); Honor (3, 4).

"Bob" is Sergeant Nolan's head man and has made his reputation as a worker in the position of a first lieutenant on the staff. He is one of the members of this class who has put much into his school work and consequently has gotten much out of it.

The 1932 Skirmisher

STANLEY M. KAPLAN . . . "Stan"

Born April 14, 1914, in Chicago. Entered M. P. M. A. in 1929 from Hyde Park High School.

Private Co. A. (1); Corporal (2); 1st Lieutenant (3); Lightweight Basketball (1); Heavyweight Basketball (2), Captain (3); Baseball (1, 2, 3); Emblem Club (1, 2, 3); French Club (2); Bridge Club (2); SKIRMISHER (2); Guardians (3); Distinguished (3).

Here we have another athlete of the class. Stan was not only captain of the basketball team, but was quite an infielder, and what have you, on the diamond. He also obtained his commission in three years.

SAMUEL KEATING, JR. . . . "Sam"

Born November 3, 1912, in Chicago. Entered M. P. M. A. in 1928 from Cook School.

Private Co. C. (1, 2); Lightweight Football (1); Baseball (1, 2); Company Basketball (2); Volleyball (1, 2); Indoor Baseball (1, 2); ACADEMY NEWS (2).

After being absent three years Sam returned to finish his high school career. Living so close to us we hope to continue to see a great deal of him. He is one of the few remaining members of the old day student gang. 'Nuff said.

JAMES E. KENT . . . "Jim"

Born June 26, 1913, in Chicago. Entered M. P. M. A. in 1928 from St. Bernard School.

Private, Band (1, 2); Corporal (3); Warrant Officer (4); Lightweight Football (1); Lightweight Basketball (3); Company Basketball (4); Baseball (2, 4); Indoor Track (4); ACADEMY NEWS (4); Proficient (3, 4); Gamma (3).

It seems that "Jim" picked a likely roommate his last year, for they are both editors of the *Academy News*. They are also seen together other places, dance floor included. "Jim", like the other officers, has his boots and spurs.

RICHARD B. KIMBELL . . . "Dick"

Born March 3, 1913, in Chicago. Entered M. P. M. A. in 1929 from Carl Schurz High School.

Private Co. B. (1); Corporal (2); 2nd Lieutenant (3); Lightweight Football (1, 2); Lightweight Basketball (1, 2); Golf (1, 2); Spanish Club (1, 2); Glee Club (1, 2); SKIRMISHER (3); Gamma (2); Proficient (1, 2).

This is the renowned second lieutenant of "B" Company. Dick has had a hard time taking care of the smallest (in height) platoon of the battalion, but he has handled the job in wonderful shape. Dick is another who has earned his commission in three years.

The 1932 Skirmisher

ROBERT F. KING "Bob"

Born May 25, 1914, in Chicago. Entered M. P. M. A. in 1929 from Sutherland Grammar School.

Private Co. C. (1); Corporal (2); Sergeant, Staff (2); 1st Lieutenant (4); Rifle Team (1, 2, 3), Captain (4); SKIRMISHER (3); R. O. T. C. Camp (3); Honor (4); Gamma (4); Proficient (3).

Being captain of the Rifle Team and having attained the high rank of first lieutenant, "Bob" can take the dullness out of any drill with his dry humor. He puts a great deal of his time trying to keep the honor cup for "C" Company.

OSCAR C. KIRN "O. C."

Born March 8, 1912, in Battle Creek, Michigan. Entered M. P. M. A. in 1928 from Arlington Grammar School.

Private Co. C. (1, 2, 3, 4); Lightweight Football (1); Heavyweight Football (4); Company Basketball (1, 2, 3, 4); Volleyball (1, 2, 3, 4); Indoor Baseball (1, 2, 3, 4).

In his last year Oscar decided to help the team out and proved to be a good halfback. He is to be admired for his quality to stand up for what he believes is right. It takes some hot persuasion to change his mind.

MELVIN W. KONOPASEK "Konny"

Born May 16, 1914, in Fox River Grove, Illinois. Entered M. P. M. A. in 1930 from Harrison Tech High School.

Private Co. A. (1); Corporal (2); Lightweight Football (1, 2); Lightweight Basketball (1), Captain (2); Track (1, 2); Emblem Club (1, 2).

Another quiet athlete of the class. Both lightweight football and basketball claimed Melvin a star. He also runs on the track team. Along with his quietness he has the high quality of steady work. Any time in study hall he is bent over a book.

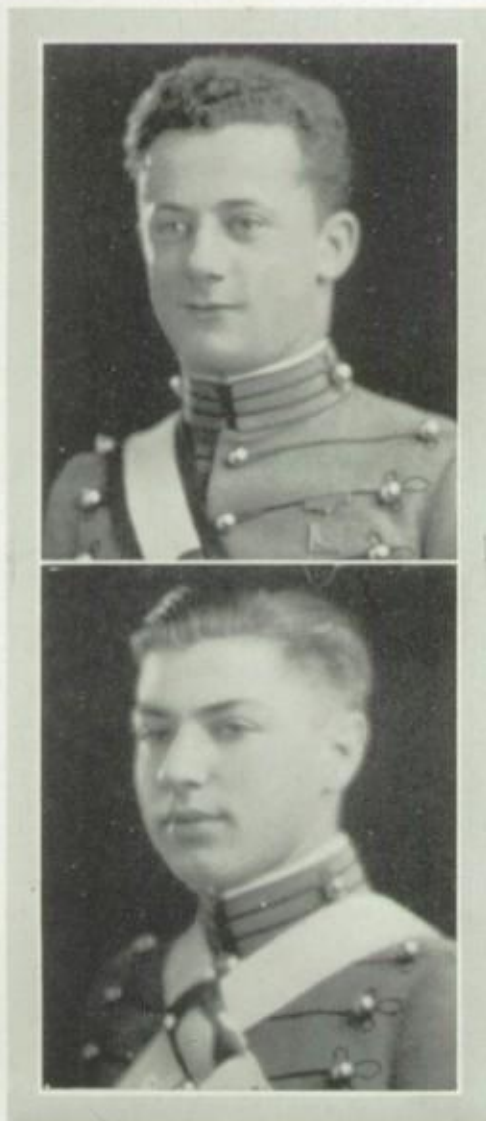

WALTER J. KOPEK "Babe"

Born January 7, 1914, in Springfield, Massachusetts. Entered M. P. M. A. in 1929 from Hamtramck High School.

Private Co. A. (1, 2); Corporal (3); Manager Bantamweight Football (2); Lightweight Basketball (3); Company Basketball (1); Volleyball (1); Hare and Hound (1, 2); Indoor Baseball (2); Bridge Club (1, 2); Public Speaking Club (3); Beta (2).

This boy is one of the few of the class who do not have their homes in Chicago. This doesn't mean Chicago doesn't know "Babe"; at least he's popular about the village. His happy attitude at all times made him popular with the fellows and otherwise.

The 1932 Skirmisher

CHARLES G. KOZEL, JR. . . . "Chuck"

Born June 5, 1914, in Chicago. Entered M. P. M. A. in 1928 from Hirsch Jr. High School.

Private Co. B. (1); Corporal (2); 1st Lieutenant (3); Lightweight Football (1); Heavyweight Football (2); Lightweight Basketball (1); Heavyweight Basketball (2); Track (1, 2, 3); Emblem Club (2, 3); Bridge Club (2); Glee Club (1, 2); Guardians (3); Gamma (2); Proficient (1, 2); Best All-around Athlete (2).

"Chuck" is one of the outstanding athletes of this class. Not only outstanding this year but he won the Best All-Around Athlete Medal last year. Aside from athletics he has gained the commission of a first lieutenant in three years. Quite a feat.

JULIUS R. KUH, JR. . . . "German"

Born November 2, 1914, in Chicago. Entered M. P. M. A. in 1929 from Calumet High School.

Private Co. C. (1, 2); Corporal (3); Sergeant (4); Lightweight Basketball (4); Track (3); Company Basketball (1, 2, 3); Volleyball (1, 2, 3); Indoor Baseball (1, 2, 3); Classical Club (2, 3); SKIRMISHER (3); Jazz Orchestra (2); Gamma (3, 4); Proficient (2, 3, 4).

Lightweight basketball would have been lost without Kuh. The waiters would also have felt funny if he wasn't at their head. His loud greetings keeps him a friend of everybody. Where you see Schofield you see Kuh.

KENDRICK J. KUTILL . . . "Kutie"

Born March 10, 1915, in St. Paul, Minnesota. Entered M. P. M. A. in 1930 from Lakeview High School.

Private Co. B. (1); Corporal (2); Volleyball (1, 3); Indoor Baseball (1); Golf (1); Reading Club (1); Bridge Club (2); Honor (1); Gamma (2); Proficient (3); Bronze S. (1).

"Kutie" is the boy who comes around at the end of each month asking if you have the money to pay for the paper. He got such good experience doing this sort of work that he went and sold quite a bit of advertising for the minstrel show program.

THOMAS S. LEAKE . . . "Plumber"

Born January 10, 1913, in Chicago. Entered M. P. M. A. in 1930 from Missouri Military Academy.

Private Co. C. (1); Co. B. (2); Heavyweight Football (2); Baseball (1, 2); Company Basketball (2); Emblem Club (1, 2).

When Tom changed to a boarder he joined right in with the "B" company gang. Much fun goes on in Hansen Hall and a great deal of it is due to Tom. He throws a wicked curve on the diamond and is a big help to the football team.

The 1932 Skirmisher

ROBERT M. MANN "Bob"

Born May 28, 1913, in La Porte, Indiana. Entered M. P. M. A. in 1928 from Hirsch Junior High School.

Private Co. A. (1); Corporal Co. C. (2); Staff Sergeant (3); Lightweight Football (1, 2), Captain (3); Track (1, 2, 3); Co. Basketball (1, 2, 3); Volleyball (2, 3); Hare and Hound (2, 3); Indoor Track (3); Indoor Baseball (2, 3); Bridge Club (3); Beta (3); Honor (2, 3); Proficient (1).

Although "Bob" left us in mid-year, he did a great deal the first part by captaining the "fighting lights." He also ran on the track team. He was well acquainted with all the school having been both a boarding and day student.

BURTON V. LE VEE "Bud"

Born February 14, 1915, in Chicago. Entered M. P. M. A. in 1928 from Ella Flagg Young School.

Private Co. A. (1, 2); Corporal Band (3); Staff Sergeant (4); Bantamweight Football (2, 3, 4); Basketball (1, 2); Rifle Team (1); Boxing (3); Wrestling (3); Airplane Club (3, 4); Bridge Club (4); Classical Orchestra (3); Proficient (2).

What used to be the class cut-up has turned into an earnest staff sergeant. Burton is the boy who leads that much loved, because of their profession and not themselves, group of fellows, the buglers. His jolly attitude helps him more than it hinders him.

ROBERT A. MCKAGUE "Mac"

Born September 5, 1914, in Evanston. Entered M. P. M. A. in 1929 from the Principia School.

Private Band (1, 2, 3); Heavyweight Football (2, 3).

Bob's main object while here at school was to be another crooner. Many a gathering of cadets and waiters have listened to him sing the popular songs of the day in his own inimitable way. He is also famous for his humorous anecdotes.

WILLIAM J. MOHR "Willie"

Born August 13, 1913 in Chicago. Entered M. P. M. A. in 1928 from Chicago Latin School.

Private Co. A. (1, 2); Sergeant (3); 2nd Lieutenant (4); Heavyweight Football (4); Heavyweight Basketball (1, 2); Track (3); Co. Basketball (3, 4); Tennis (3); Rifle Team (1, 2); Reading Club (3); ACADEMY NEWS (1, 2, 3, 4); SKIRMISHER (3); R. O. T. C. Camp (3); Honor (3); Gamma (3, 4); Proficient (2, 3, 4); Rifle Qualifications at Camp Custer (3).

"A" Company's second platoon never made a mistake because of not hearing the command. Besides his voice, Willie has literary ability. (See Captain Dakin). He is also inclined toward business having been the efficient manager of the 1931 Skirmisher.

The 1932 Skirmisher

GEORGE H. MORGAN

"Morg"

Born August 22, 1913, in Jackson, Ohio. Entered M. P. M. A. in 1929 from Morgan Park High School.

Private Band (1, 2); Corporal (3); Heavyweight Football (2, 3); Lightweight Basketball (2, 3); Track (2), Captain (3); Emblem Club (2, 3); ACADEMY NEWS (2, 3); Jazz Orchestra (2, 3); Classical Orchestra (1); Proficient (1).

He may not be so large but he is a letter man in each—football, basketball, and track. George has just that way about him that everybody likes. We all hope to hear his crooning voice over the radio in the near future.

ERWIN R. MOZOLESKI

"Mozo"

Born March 9, 1914, in Chicago. Entered M. P. M. A. in 1929 from Orville T. Bright School.

Private Co. C. (1); Corporal (2); Sergeant (3); Bantamweight Football (1, 2); Lightweight Football (3); Volleyball (2, 3); Indoor Baseball (1, 2); Boxing (1); Wrestling (1); Classical Club (2); Beta (3); Honor (2); Proficient (1).

When it comes to math you can't discourage "Mozo". This same characteristic helps him in all his other things too. We saw the most of him as center on those "Fighting Lights." He is also one of the boarders that turned traitor.

JOHN M. NELSON

"Nelly"

Born September 27, 1913, in Chicago. Entered M. P. M. A. in 1922.

Private Co. B. (1, 2, 3, 4); Heavyweight Football (1, 2, 3, 4); Baseball (3, 4); Co. Baseball (3); Volleyball (3); Indoor Baseball (3); Emblem Club (2, 3, 4).

You don't hear much from Nelly but he is much seen and talked about when the season for football or baseball comes around. He is one of the members of the staff who guard the colors on parade. "B" Company will miss him in company athletics.

FRANK J. NEVRKLA

"Nev"

Born August 29, 1914, in Chicago. Entered M. P. M. A. in 1929 from Farragut Junior High School.

Private Co. A. (1, 2, 3); Heavyweight Football (3); Heavyweight Basketball (1, 2, 3); Baseball (2, 3); Emblem Club (2, 3).

Frank is really a basketball player. Anyone in the corps will tell you that. When you are tired of studying in study hall just turn to Frank and he will amuse you. Not only his roommate, but also "A" Company's first floor will sure miss Frank.

The 1932 Skirmisher

PAUL W. PINKERTON

"Pink"

Born December, 1915, in Chicago. Entered M. P. M. A. in 1928 from Wadsworth Public School.

Private Band (1); Corporal (2, 3); Staff Sergeant (4); Lightweight Football (4); Bantamweight Basketball (1, 2); Track (1, 2, 3, 4); Company Basketball (2, 4); Volleyball (3); Hare and Hound (4); Rifle Team (1, 2); Boxing (4); Wrestling (3); French Club (3); Bridge Club (3, 4); Public Speaking (4); SKIRMISHER (3); Guardians (4); R. O. T. C. Camp (4); Classical Orchestra (3); Beta (2, 3, 4); Honor (2, 3, 4); Junior Class Scholarship.

The star of many math classes, Paul toots his horn in the band. For his indoor sport he wrestles. Any Saturday or Sunday he is busily engaged away from the academy. The rest of the time he must study as his record shows.

SHELDON K. PIPER

"Pilot"

Born August 26, 1914, in Klamatha Falls, Washington. Entered M. P. M. A. in 1926 from St. Sebastians School.

Private, Band (1, 2, 3, 4); Tennis (1, 2, 3); Track (4).

This boy has really achieved something. Sheldon is the only student of M. P. M. A. to pass an air-pilots test. He always did excel in scientific things and is a skillful mechanic. He also has the quality of staying with a thing. Math for example.

ELMER J. SAUNDERS

"Tug"

Born August 21, 1914, in San Francisco, California. Entered M. P. M. A. in 1928 from Arlington School.

Private Co. C. (1, 2, 3); Sergeant (4); Bantamweight Football (1, 2, 3, 4); Company Athletics (1, 2, 3, 4); Classical Club (2, 3); Stamp Club (1, 2); Beta (3); Honor (2, 3); Gamma (3, 4); Proficient (2, 3, 4).

Elmer is one of a few of the class to be exempt day and evening a great deal of the time. We know he's a day student because he is often seen hurrying around the village. We sometimes wonder when he studies.

RICHARD T. SCHOFIELD

"Dickie"

Born March 4, 1915, in Chicago. Entered M. P. M. A. in 1928 from Oglesby School.

Private Co. C. (1); Corporal (2); Sergeant (3); Lieutenant Adjutant, Staff (4); Lightweight Football (1, 2, 3, 4); Lightweight Basketball (3); Track (1, 2, 3, 4); Company Basketball (1, 2); Volleyball (1, 2); Indoor Baseball (1, 2); Glee Club (1, 2, 3); SKIRMISHER (3); R. O. T. C. Camp (3); Alpha (3); Beta (3); Honor (3); Honor Medal (1); Gamma (1, 2, 3); Proficient (1, 2, 3).

Dick has followed the footsteps of the past adjutants not only in military but also in sports, and otherwise. He has helped to bring the day students to the front in school life for he has a way of getting things done.

The 1932 Skirmisher

BRUCE F. SELLS . . . "Bruce"

*Born May 12, 1914, in Detroit, Michigan. Entered M. P. M. A. in 1930 from Central High School.
Private Co. B. (1); Corporal (2); ACADEMY NEWS (1, 2); Proficient (1, 2).*

When the fourth year Latin class was composed Bruce was one of the members. He reads Latin and writes sports articles for "*The Academy News*." (If you don't think that's a job try it.) He also makes a good introducer of chapel speakers.

JAMES K. SMITH . . . "Bud"

*Born October 16, 1914, in Chicago. Entered M. P. M. A. in 1931 from Laues High School.
Private Co. B. (1); Rifle Team (1); Dancing Club (1); Glee Club (1).*

We have to have a southern representative in each class and in this one it is James. He joined in a fourth year math class and made good. That's something. He showed his school spirit by entering an all year activity, the rifle team.

WELLINGTON S. SMITH . . . "Smitty"

Born September 16, 1914, in Chicago. Entered M. P. M. A. in 1928 from Morgan Park Grammar School.

Private Co. C. (1); Sergeant (2, 3); Color Sergeant (4); Heavyweight Football (2, 3, 4); Heavyweight Basketball (3, 4); Baseball (3, 4); Track (1); Company Basketball (1, 2); Volleyball (1); Indoor Baseball (1, 2); Emblem Club (3, 4); ACADEMY NEWS (1, 3); R. O. T. C. Camp (3).

The day students were well represented on the heavies—Wellington being one of the regulars. He has almost become a regular in the school for very few remember when he started. He will be missed in many lines of school activity.

RALPH F. SORBER . . . "Sorb"

Born January 31, 1915, in Chicago. Entered M. P. M. A. in 1930 from Austin High School.

Private Co. B. (1); Corporal (2); Company Basketball (1, 2); Volleyball (2); Hare and Hound (2); Indoor Baseball (1); Tennis (2); Reading Club (1); Bridge Club (1).

Ralph is the boy who takes care of the girls in Oak Park. And every day he eagerly watches Captain Gray for a missive from one of the home town friends. And when he receives the letter he turns all shades of the rainbow, after first motioning "Jeff" Taylor, to tell him about it.

The 1932 Skirmisher

JAMES SPEREKAS

"Tony"

Born January 30, 1912, in Chicago. Entered M. P. M. A. in 1931 from Englewood High School.

Private Co. B. (1); Company Basketball (1); Volleyball (1); Indoor Track (1); Indoor Baseball (1); Weight Lifting (1).

"Tony" is one of the standbys of Captain Paul. He spends all of his spare time down in the basement of Alumni Hall, either lifting weights or wrestling on the mat. His main pal seems to be Jerry Albert and the two may often be seen together.

DEAN E. VAN ORDER

"Van"

Born November 27, 1914, in Omaha, Nebraska. Entered M. P. M. A. in 1931 from Central High School.

Private Co. C. (1, 2); Lightweight Football (1, 2); Baseball (1, 2); Company Basketball (1, 2); Volleyball (1, 2); Indoor Track (2); Indoor Baseball (1, 2); Tennis (1); Spanish (1).

When you want to get school work done with the least amount of work ask Dean how it is done. He did put in plenty of work for the "Fighting Lights." We know that if he really gets down to business there is nothing he can't do.

CHARLES F. VRHEL

"Chuck"

Born October 1, 1914, in Chicago. Entered M. P. M. A. in 1928, from Riverside Grammar School.

Private Co. A. (1, 2, 3); Corporal (4); Lightweight Football (1); Lightweight Basketball (1, 2, 3); Track (2, 3, 4); Company Basketball (2, 3, 4); Volleyball (2, 3); Indoor Baseball (2, 3); Art Club (3, 4); Bridge Club (3, 4); Public Speaking (4); Proficient (2).

Having worked hard to get into this senior class, Charlie made the best of class privileges. When he took time to study he proved it could be done and we all admire him for staying with it. He was often a visitor to the village.

FRANK E. WAGENSELLER

"Waggy"

Born October 7, 1912, in Chicago. Entered M. P. M. A. in 1928 from St. Phillip Neri School.

Private Co. B. (1, 2); 1st Sergeant (3); Staff Sergeant (4); Heavyweight Football (1, 2, 3, 4); Baseball (2, 3); Company Athletics (1, 2, 3, 4); Wrestling (3, 4); Boxing (2, 3, 4); Emblem Club (2, 3, 4); Bridge Club (2, 3, 4).

The line of the heavies had plenty of protection around the guard position for Frank was a dependable regular. He also used his weight on the famous "B" Company combined heavy-weight basketball, polo and soccer team. The staff will miss Frank.

The 1932 Skirmisher

HARRY J. YEIDEL

"Yodel"

Born September 3, 1914 in Chicago. Entered M. P. M. A. in 1925 from A. O. Sexton School.

Private Co. A. (1); Corporal (2); Sergeant (3); 1st Sergeant (4); Bantamweight Football (1); Lightweight Football (2); Lightweight Basketball (1, 2); Track (2, 3); Volleyball (3, 4); Hare and Hound (3); Indoor Baseball (3, 4); Dramatic Club (3, 4); ACADEMY NEWS (2, 3), Editor (4); SKIRMISHER (1, 3); Guardians (2); R. O. T. C. Camp (3); Honor (3); Gamma (4); Proficient (1, 2).

This is the editor of the *Academy News*. Harry has filled one of the hardest positions that there is open to any cadet, in a very efficient way. He is also known for his humor. The times that he isn't working on the school paper he is with his roommate.

ROBERT M. ZECHMAN

"Zech"

Born April 30, 1915, in Chicago. Entered M. P. M. A. in 1928 from Chopin Grammar School.

Private Co. A. (1, 2); Corporal, Band (3); Corporal Co. A. (4); Bantamweight Football (1, 2, 3); Bantamweight Basketball (1, 2, 3); Company Basketball (1, 2, 3, 4); Volleyball (2); Indoor Baseball (1, 2); Airplane Club (3); Dramatic Club (4); ACADEMY NEWS (2, 3, 4); SKIRMISHER (3); Gamma (3); Proficient (2, 3); Beta (2).

When it comes to fun, get into company with "Bob." The smallest member of the class has a slight leaning toward writing which sometimes helps the *Academy News*. When the class breaks up "Bob" will be much missed by his "A" Company pals.

The Juniors are, of course, the life of any party, but are unsteeped in the besetting dignity of the more austere Seniors.

JUNIORS

The 1932 Skirmisher

JUNIOR CLASS, 1931-32

Top Row—BRENNAN, MEADOWS, KELLER, SLAMA, GOULD, WIERSEMA, OBERMAN, L. MANN, ROSICKY, SWADE, MAY, GROEBE.

Second Row—HEXTER, V. EVANS, KORNSTEIN, MOWER, CARLSON, VICK, FELLOWES, MCHUGH, PATRICK, PONTARELLI, GONZALES.

Third Row—D. GIBSON, SILLS, SAMUELS, ALBERT, STOGEN, LASSER, AMORY, BYFORD, LAPIN, K. GIBSON, BREKKE.

Bottom Row—HABICH, DENNIS, HOKIN, RICHARDS, GENTLEMAN, ARCUS, NORTON, SCHOLLER, POMARANC, BURRELL.

The Class of 1933

OFFICERS

ROBERT G. ARCUS	President
ALEXANDER GENTLEMEN	Secretary
PETER SCHOLLER	Treasurer
JACK RICHARDS	Sergeant-at-Arms
CAPTAIN F. S. GRAY	Faculty Adviser

UNDER the leadership of Captain F. S. Gray as faculty adviser, and Cadet Arcus as President, the Junior class has carried on the traditions of former classes. The most important accomplishment of the class was the publishing of the SKIRMISHER for which we are largely indebted to Mark Pomaranc, the editor, and his staff, with the help of Mr. Price as Faculty Adviser. Many members of the class took part in this project and we have endeavored to produce a book of which the Academy may be proud.

The class was well represented in all the activities of the school. An unusual number of Juniors were awarded varsity letters. In this class are the officers of next year and we feel confident that among this group are many, who are satisfactorily able to replace those who are graduating.

The 1932 Skirmisher

JEROME ALBERT

"Beaver" with his "horn of plenty" is one of the landmarks around the campus. Wherever he is, you may be sure that he will pull something funny. On the track he is some high stepper, and as a linguist he is unsurpassed.

GEORGE AMORY

George is Captain Gray's star junior math student? At least he gets most of the attention. He is noted for his quaker spirit. (See Captain Gray.) This is his first year at the Academy. He was recruited from Empehi, and has quite a few cute acquaintances down there.

ROBERT ARCUS

"Bob" is partly to blame for this book. As a halfback he proved indispensable to the lights in football. We hope to see him on the varsity squad in '32. His favor among his classmates was shown when they saw fit to elect him as president of their class.

DONALD BREKKE

Donald is the "petit-enfant" of the varsity football squad. In a few years however, we hope that he will grow so that he will earn a berth on the squad. He also is the "kaydet" in the Drum and Bugle Corps who plays the big base drum, and oh how he can beat it.

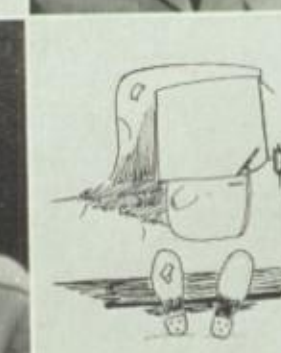

JACK BRENNAN

When "Jack" submits a sample of his literary ability to the *Academy News*, we all must consult the dictionaries. A few samples of his writing may be found by turning to the "Cadet Life" section of this book. Jack is Providence's gift to Morgan Park.

FRANK BURRELL

Frank is the boy who goes in for model airplanes and autos in a big way. His pet peeve is to have someone come into his room and play with some implement of his making. Thanks to Frank the juniors turned in many good motors to Captain Hirschy.

The 1932 Skirmisher

WILLIAM BYFORD

"Bill" is just another one of those lucky day-students, but this soft life hasn't stopped him from entering in many of the school activities, especially as a track man. He may be seen every day pounding around the track in that green outfit of his.

RODGER CONRAN

Rodger enrolled as a boarding student but found it quite boresome and just to add variety he became an every-other-day-student. We hope that he found the program very satisfactory. The time he spent at the Academy was mainly spent in the barber's chair.

JOHN DENNIS

"Jack" is a lover of solitude and his favorite pastime is seeing that Habich comes to no evil. This keeps him rather busy, but he found time to help out the school teams. On the track he is quite an asset to the relay team.

VIRGIL EVANS

When "Ray" came to the Academy, Paxton lost a good basketball player, but the Academy has no regrets to offer. "Ray" is an all-around good fellow as well as an athlete, and in two years he has won many friends among the cadets.

JOHN FELLOWES

Here is the young man whom Washington Irving had in mind when he wrote about "Ichabod Crane". He is one of Sergeant Nolan's cracksmen, and this speaks for itself. But he is just another day student which also speaks for itself.

ALEXANDER GENTLEMEN

The depression did not seem to affect "Al's" ability to successfully manage the advertising of the SKIRMISHER. It would take a lot more than this to keep "Al" down. No activity in "C" company is complete without him.

The 1932 Skirmisher

DAVID GIBSON

Here is the author of the junior section of this book. Curiously enough he also has musical ability and plays a French Horn in the band where he holds down the office of sergeant. He is also well known among the corps as a competent waiter.

KENDALL GIBSON

"Ken" is just another sad example of a boarding student taking up the life of a day student. He does not let this however stop his interest in radio. He is another member of the S. B. club. (Ask the editor for the deciphering of the name of the club.)

JOSE GONZALES

Jose has proven a life saver to many a despondent student of Spanish. And he's always ready to help. (We heartily thank him for this help.) Basketball is his best line, but he is interested in other sports.

THOMAS GOULD

"Tom" has to take a few days off now and then in order to let the teachers catch up. Besides doing his share to make the senior section what it is, he takes part in the school activity known as the Rifle Team.

WILBUR GROEBE

Anyone who has not heard the sweet strains of "Wib's" baritone on parade has a treat in store. His favorite pastime is keeping out of trouble. If we had a few more milers like him it sure would be too bad for the railroads.

DONALD HABICH

Henry Ford will have to watch his step when Donald goes into business, because he is a marvelous salesman, and got quite a bit of experience selling ads for the SKIRMISHER which, we think is harder than selling cars.

The 1932 Skirmisher

ROBERT HEXTER

"Bob" is the big noise of the Drum and Bugle corps. He spends most of his time telling how he passes the time while in Rockford. He is one of the official managers of the school. (That is of the teams.) He is renowned as quite a student: "Eh, what?"

EDWIN HOKIN

"Barney" and Kornstein are inseparable pals and playmates. Wherever you see "Barney" you may be sure that "Korney" is around. This was his first year out for the varsity football squad and he made his sweater. It is rumored that Walter Winchell is an under-study of his.

KARL KECK

Since Karl has given up motor-cycling, and bought a car he has been the envy of the boarders. Incidentally it is about time that he was again leaving the Academy to take up the life of a civilian. He also is quite a useful fixture in the armory.

KARL KELLER

Anyone desiring information on the shortest and easiest way to get into trouble see Karl. During his career at the Academy he has received no end of information on the subject, and if you wish any information on it we are sure that he will oblige you.

BERNARD KLEIN

"Bernie" is one of the latest developments which modern science has given us. He has proved to be a very valuable accessory whenever a theme has to be typewritten in a hurry. In the afternoons he may be found with Schleicher on the Rifle Range.

JOHN KOLL

"Doc" is one of our social highlighters. We think that he will prove to be quite a cut-up some day. His one great aspiration is to become a cadet officer, and we sincerely hope that he succeeds. He is one of the most serious minded juniors in the class.

The 1932 Skirmisher

JEROME KORNSTEIN

"Jerry" is one of the few cadets who has mastered the art of getting into trouble and out of it without a scratch. "Jerry" has shouldered the job of being Hokin's shadow and has made a good job of it. He is known as one of the most studious juniors?

HUBERT LAPIN

Hubert's great and enviable accomplishment is the ability to sleep in any position whatsoever. Aside from the aforementioned great ability as a scholar he is very good natured, and can be noticed by the crowd of cadets that are usually in his room.

JOHN LASSER

And here we have the Coco Cola king of the future. John is another remarkable product of Captain Gray's Advanced Algebra class. His one great ambition is to become a cadet officer, and his imitation of a machine gun cannot be rivalled, even by a machine gun.

LAWRENCE MANN

To him goes the credit for the fine way in which the Lower School News is written. Products of his literary ability may be found in every edition of the *Academy News*. No musical organization is complete without "Lorny" and his tenor saxophone.

HAL McHUGH

When "Hal" came to the Academy, Keller found another partner in crime. Perhaps some of his successes can be attributed to this cause. In the orchestra he plays the drums, and on the diamond his ability as a baseball player is unquestioned.

STUART MEADOWS

"Stewy" is the Academy authority on how to win the good favor of the faculty. But this is not his only pastime, this year he made his sweater in football. During the winter he wrestles. One of the sights that the school has to offer is his stream-lined haircut.

The 1932 Skirmisher

KENNETH MOWER

Here is another example of how a day student can be useful around the campus. He played on the basketball and baseball teams. And for amusement, if you call it such, he waits on table.

JOHN WILLIS

Here is the model Morgan Park cadet for the year 1932. "Zeke" offers a real treat when in action on the gridiron. And he would never, never think of doing anything wrong, however, there are things which must be overlooked.

LEONARD OBERMAN

Can he play the violin, well, can fish swim? He is THE scholar of the Junior Class and he is also one of the chief expostulators on the Debate Team. Samples of his great humor may be found on the second page of the *Academy News* every week.

WAYLAND PATRICK

"Patrick absent sir." This is a familiar phrase oft heard in "A" Company. Wayland is seriously thinking of joining the House of David, just a few more inches and he will be eligible. His favorite pastime is being indisposed.

MARK POMARANC

Feast your eyes on the editor of this book in person. Mark lost a good deal of sleep over his job, but when he got through he felt that he had put out a book of which the Junior Class would be proud. Before editing the *Skirmisher*, Mark tried out his ability on the *Academy News*.

JOHN PONTARELLI

No matter how solemn the occasion may be, John and his pals can somehow add humour to the situation. He is a promising heavy-weight linesman for next year. In a few years we expect to see John in the banana business.

The 1932 Skirmisher

JACK RICHARDS

If you happen to see a certain cadet in front of the band on parade and seem to have a fair idea of where he is going, then it is our drum major, Jack. He also helped put out part of this book, and have you seen him and his car?

FRANK ROSICKY

Frank is doing a good job of keeping up his brother's reputation as a basketball player. And next year we hope to see him as a star. Frank is also a full fledged member of the golf team. Next year we expect him to be one of "A" Company's slave drivers.

JOHN SAMUELS

We will all hear about "Jack" someday. He is going to write a book on "How It Feels To Be A Private Four Years". He is the cartoonist and artist who missed his sleep many nights in order that the art work of this volume may be bigger and better.

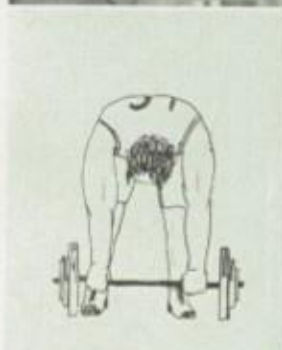

PETER SCHOLLER

"Pete" is the boy who gave the producers their idea when they filmed "Frankenstein". Last year he tried to reform the Drum and Bugle Corps but this year he turned traitor and gave "B" Company a break. He is also a cheerleader.

ARTHUR SILLS

And here we have the strong man of the school. And when Captain Paul gets through with him we will all sit up and take notice. When he gets out of school he is considering taking a job as an official pretzel bender for the United Bakers.

THEODORE SLAMA

Theodore won his varsity football letter this year, but when the season was over, he found that it was necessary to turn to marble playing with Dick Schofield to keep in training. He is the last word in Romeos. Lots O' Luck "Teddy".

The 1932 Skirmisher

PETER STOGEN

"Pete" is a good little boy and seldom gives trouble? On his free afternoons he haunts the N. C. O.'s office every fifteen minutes. For fight he has no equal, and next year we expect great things from him on the gridiron.

HENRY SWADE

Henry, our all around athlete and drummer is going to give Eddy Cantor a run for his money. With his wit and faces, he is the life of the party and sometimes the classroom. When bigger and prettier girls are made "Hank" will make them. Quick Henry The Fleet!

HOWARD THOMPSON

A great crash resounds then all is quiet in the mess hall. "Howie" crawls from under a debris of dishes (mostly broken), and sadly looks at them. This is a scene familiar to all cadets. Anyone who is interested in becoming a first class "ditcher" consult "Howie".

MAURICE VICK

Here is a product of the badlands. But as far as we can notice, no evidences of his past experiences have shown themselves, so we believe that maybe he was only a common hired man. He is quite an authority on the correct way to wait table.

LLEWELYN WERNER

"Weinie" is a piano mover by trade. His secret ambition is to succeed Clark Gable, and the fair sex cause him no small amount of worry. His ability as a waiter is unquestioned as is his ability as a marksman. Without him "C" Company would be at loss for candidates for extra drill.

HAROLD WIERSEMA

"Speed" is the super waiter de luxe. For his sport he took up weight lifting in the winter, and in the spring he goes out for the half mile so that he will be able to carry that big horn of his around.

THIS year the Sophomores organized for the second time. For their faculty adviser they chose Major Bouma, and for their president, Charles Sigman was elected. They showed fine spirit in everything they undertook to do. As an example of their fine work they outsold all the other classes in tickets for the Spring Frolic Dance, which was for the purpose of helping pay for the sound motion picture machine. An unusually large number of this group played on varsity teams and the group was well represented in all of the Academy's activities. We hope that they will return next year to keep up the good work.

THE Freshman class did not organize this year since it is not the custom. About the only opportunity they had to manifest their spirit was in their drill and in this they did very well. All will agree that on the whole they are a fine bunch of Plebes and that they have taken hold as well as could be expected. They all took part in as many activities as they could be of help in, and in general they showed a fine attitude. We hope that each one of them will come back next year and continue until they graduate.

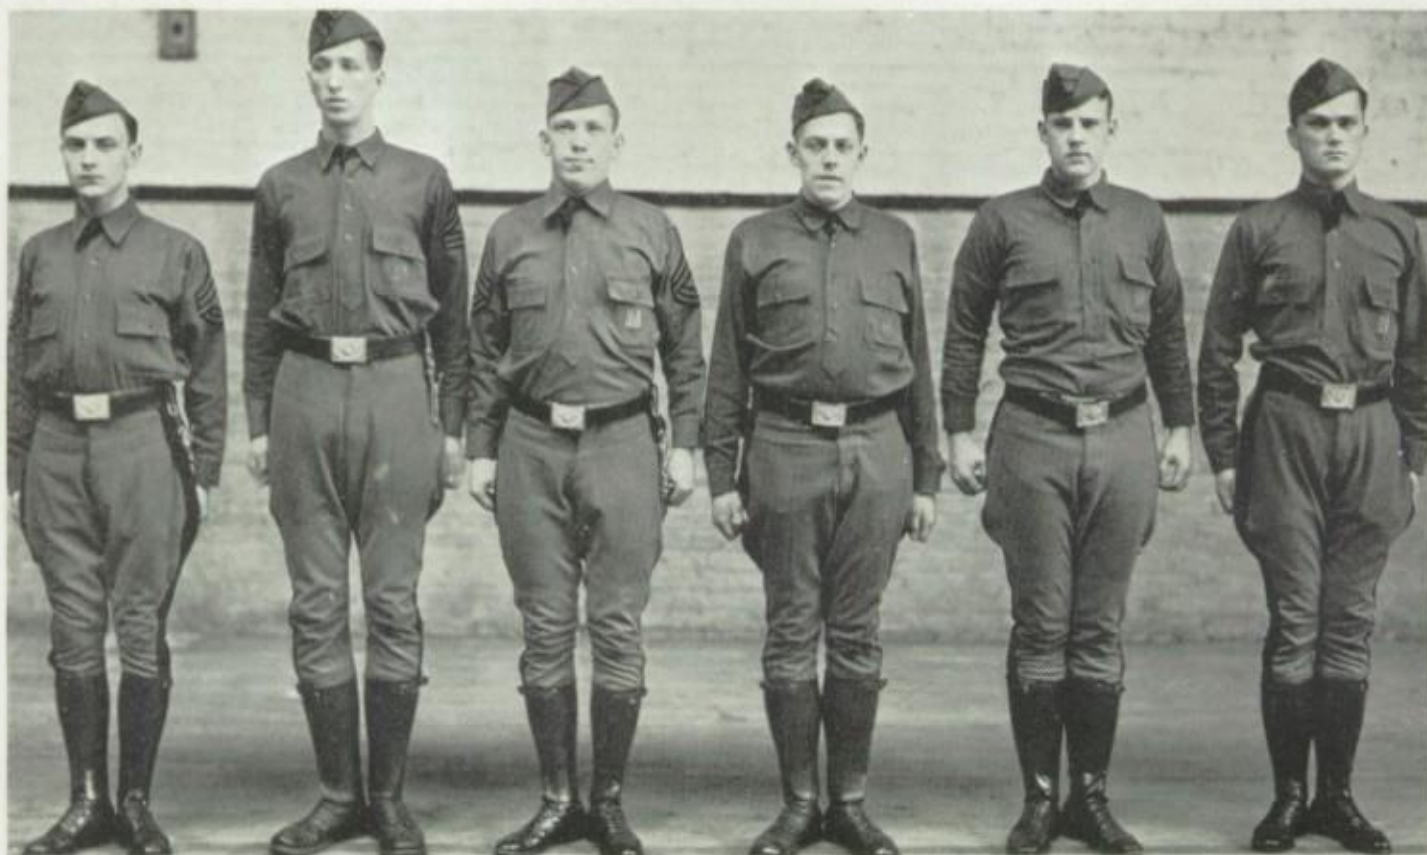

Military supplies the violent exercise of body and mind so essential to sharpen the wits and fortify the reserves of the growing boy. A sound mind in a sound body is the slogan of Morgan Park.

Battalion Staff

THE staff this year has been enlarged over that of last year. It consists of Lieutenant Adjutants Richard Schofield and Albert Bennett, Lieutenant Quartermaster Robert Innes, Staff Sergeants Robert Dudley and Robert Mann, the latter who graduated in mid-year, and Color Sergeants Wagenseller and Nelson, who also left in mid-year.

Lieutenant Innes with the help of Staff Sergeant Dudley have kept the armory in fine shape while Lieutenants Schofield and Bennett have done stellar work in making up the various rosters, recording the intramural games etc.

Staff Sergeant Mann was instructor in Sophomore Military, helping Sergeant Nolan until he graduated. All in all, these cadets have done much towards the improvement of the Military Department.

"A" Company

LAST year "A" Company lost the coveted title of Honor Company to "C" Company, but this group of cadets from East Hall is striving to win back that title this year. Cadet Captain Tom Gately has instilled his company with a spirit that will be hard to beat. Lieutenant Furmaniak claims that his first platoon is a sure bet for Honor Platoon while Lieutenants Mohr and Kaplan are whipping the second platoon into fine shape. Captain Elmer Wilson came up from the Lower School to become Tactical Officer of "A" Company and is doing a great job of it. He is well liked by all the cadets and takes a friendly interest in everything that they do. Last year "A" Company won the company competition and repeated the feat again this year.

Cadet Captain Catch and his confederates, Lieutenants Richard Kimbell and Charles Kozel have cooperated splendidly and have made "B" company a serious contender for that elusive title of Honor Company.

CAPT. KNAUFF

Captain Marc Knauff who was with "A" company last year has been transferred over to "B" company where he is working hard to get the cadets to knuckle down to business. Although not winning the company competition, "B" company always had "A" company guessing.

"C" Company

AND now we come to last year's Honor Company. Much credit must be given to "C" company for their meteoric rise from a badly disorganized group of cadets to the position they now hold. "C" company is composed entirely of day students but this doesn't seem to be any handicap to them because last year they won the highest honor that any company can attain, that of holding the titles of Honor Company, Honor Platoon, and Honor Squad.

Cadet Robert Cleveland with the able assistance of Lieutenants Robert King and Harold Cordes are carrying on the good work that was attained by last year's company and doing a very good job of it. As during past years, "C" company has contributed many men to the varsity teams among them being the captains of the football and track teams.

HERE we have those cadets who furnish the stirring music for our parades and reviews. It is the band to whom is intrusted the duty of furnishing the martial music which thrills us so. It is to these cadets that the responsibility of making our parades good is heaped upon. The band this year, with Lieutenant Otto C. Huber at its helm has sailed along fine and is striving to maintain the Major Smith Cup which they won last year for being the best disciplined company.

CAPT. HIRSCHY

Captain Irvin Hirschy, who sees that the cadets mind their music, has been very instrumental in getting the band into a fine harmonious group. Warrant Officer James Kent also has done much towards the betterment of the band. In addition the band has a fine staff of non-coms which, of course, is essential in any unit.

The Emblem Club

THE EMBLEM CLUB of the Morgan Park Military Academy was first organized four years ago. Its membership consists exclusively of those cadets who have made a major letter in either Football, Basketball, Baseball, or Track. For a faculty adviser they are under the supervision of Captain Mahon. They elected Phillip Graver their president this year and under his leadership they are a well organized group. This year they took a trip to the Chicago Stadium to see a hockey game of the Shamrocks and a good time was had by all.

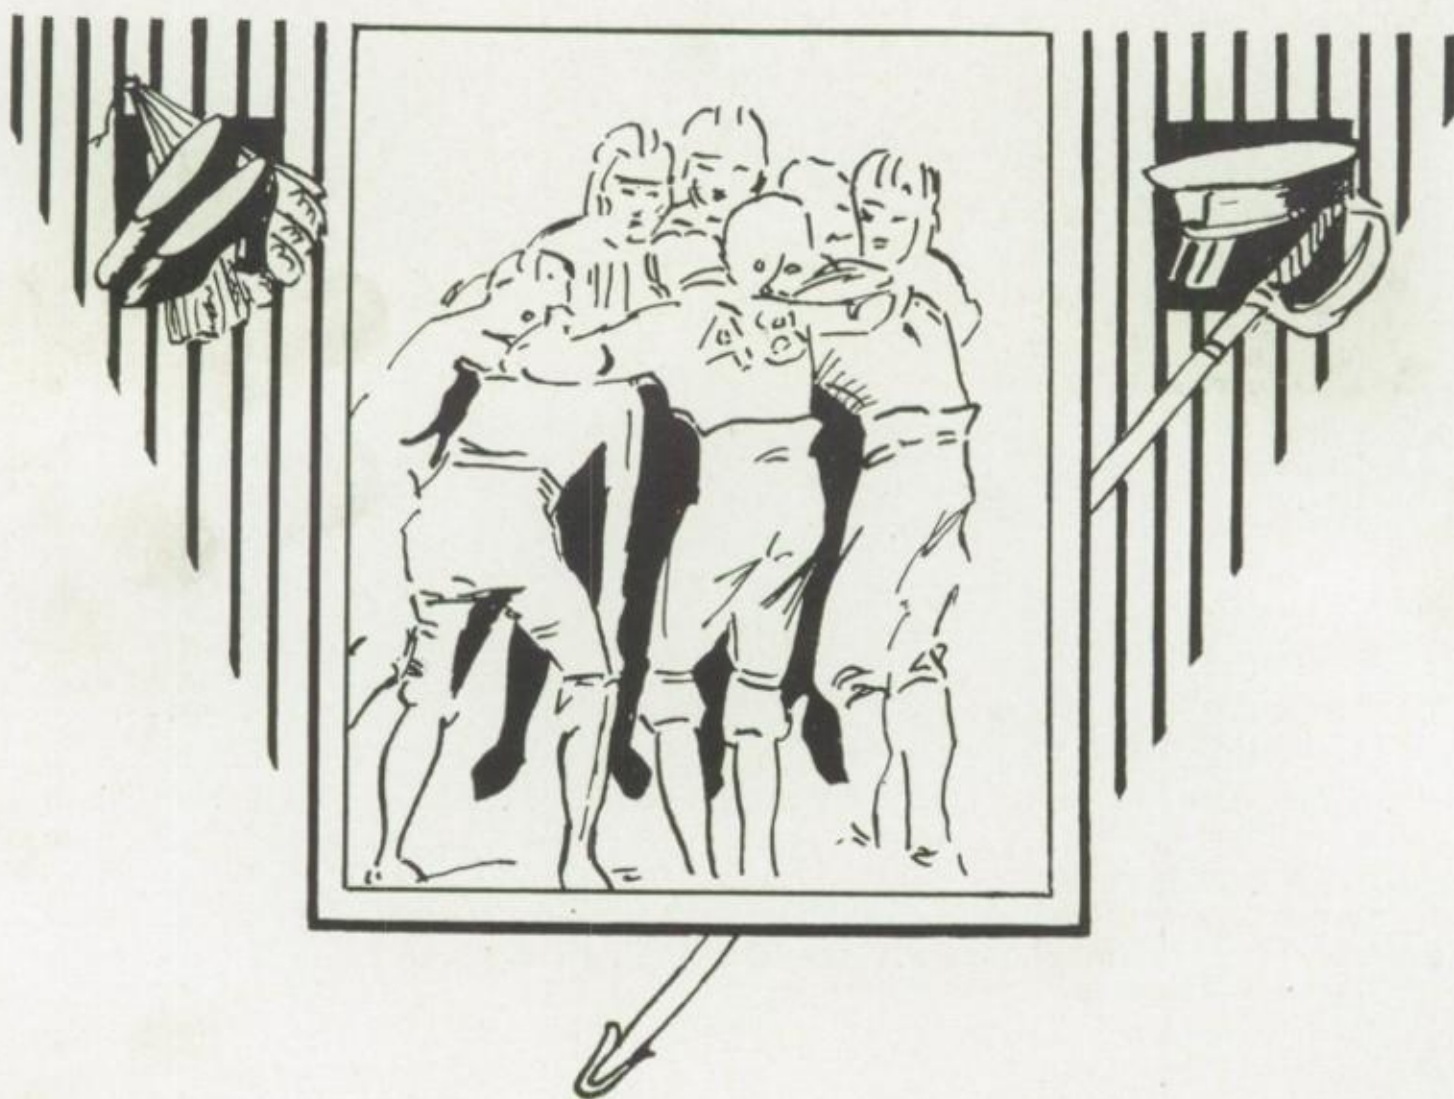

The club also gave a skit during the Pow-wow which proved a sensational hit. The act was a beauty contest and the club pledges took the part of the bathing beauties. Henry Swade was the winner and was awarded a bunch of carrots. Each year, two nights before school closes the pledges are initiated into this royal and mysterious order. The initiation is very novel and each year it is a little different although the basic principles are the same.

Team Managers

Here are the cadets who have to be out for practice every day. All of them have a hard job to take care of and all of them do their best. Their jobs are usually to mark the attendance, take care of the equipment for that particular sport, keep score at the games and the hardest job of all is to try and get back the uniforms that have been issued to the players for the duration of the sport. It would be very hard for the teams to get along without these conscientious workers.

CAPT. GRAVER

1931 Heavyweight Football Review

This year M. P. M. A. has a record to be proud of: no conference games lost. Captain Fleming's hard work and long hours spent in coaching was in no small part responsible for the success of Captain Graver's team. The fact that the conference title was not won was due in part to a night game played with Wayland on Oct. 17. The Warriors had some difficulty in getting used to the floodlights and the "ghost" ball, and when they finally did settle down to their stride, it was too late to enable them to score on a strong Wayland team.

Michigan City Too Powerful

It was no disgrace to take even an 18-0 beating from this team, which incidentally won the state championship. Michigan City's scores were made in the second, third and fourth quarters. In the second, Pittsford (M. C.) plunged six yards to cross the line; in the third, Fox intercepted a Morgan Park pass and raced fifty-five yards to close the scoring. Hokin, Willis, Norton, Morgan, and Graver played sixty minutes of hard fought football for the Academy.

Lake Forest Too Big

With George Morgan shining for the local boys, the Maroon Warriors lost to Lake Forest on October 3. The final score was 13-0, both scores being made in the last half. To make the first tally, Thompson snatched Pagenkopf's pass and in addition, ran twenty yards. After failing to break through the Morgan Park line for four straight downs, on the goal-line, Lake Forest blocked Graver's punt and scored. Pagenkopf kicked the extra point.

Win First Conference Game

The 1931 Conference season was started right with a 12-0 victory over Onarga. Little "Georgie" Morgan and Captain "Phil" Graver scored six points each for the first Morgan Park win of the year. The day was as bad as could be feared for our squad of track men. The heavy Onarga squad had the advantage of the weather, and indeed held the Warriors scoreless for three periods before Graver and Morgan could break loose.

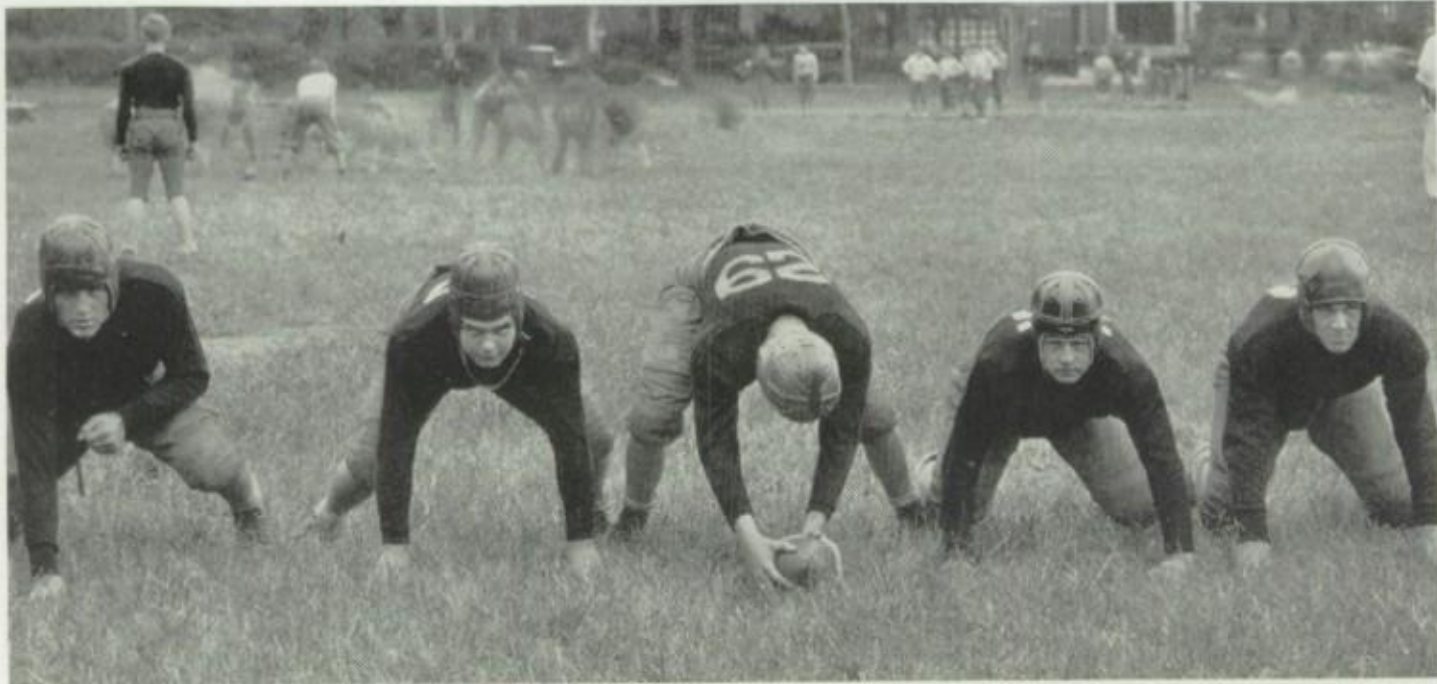

Night Lights Too Bright

The first game the Morgan Parkers played under the bright lights turned out as a whole, unfavorably. The main noticeable effect of the lights was to cause a difficulty in judging

ALL-STATE TACKLE HAAS

the descent of the ball. While there were some fumbles made, these were due mostly to hard tackling, and not to the lights. Kridler, the Wayland fullback, who did their punting, and Grey caused Morgan Park some trouble.

Saint Albans Crushed

With everyone but Manager Froemke playing, St. Albans was crushed on October 31, 34-0. This game was especially pleasing because it was played on Dad's Day. The fellows evidently wished to show their Dads that they could play the late Coach Rockne's game, and they proved their point. "Barney" Hokin, at center was the only one to play the whole game. The Saints held our second-string starters scoreless during the first quarter, but in the second period Phil Graver led his regulars to two touchdowns. In the third period, the varsity also tallied twice. Graver kicked four extra points out of four tries, in the half that he was in the game. The seconds, under Heinie Furmaniak scored once in the closing period.

Elgin Ties Maroons

The heavies were very much disappointed when they failed to beat Elgin and as a result, were forced to take second place in the conference. However, it was a real game, and the team has nothing to apologize for.

FURMANIAK

In five successive first downs, including a 35-yard end run by Graver, the first touchdown of the game was scored by Morgan Park. Graver kicked the point. In the second quarter, Elgin evened the count with a touchdown by Coffman and the extra point by Zuttermeister. Swade again put the Warriors in the lead in the second quarter with his touchdown. Kozel missed the extra point. The final count of the game was made by Ryan of Elgin in the fourth period.

Probably the most interesting play of the game to Morgan Park observers occurred in the

The 1932 Skirmisher

MAROON WARRIORS IN ACTION

second quarter, after Elgin had scored. George Morgan received Elgin's kickoff. He returned it 15 yards and was tackled by Coffman, who pushed George's face into the ground so hard that he had to leave the game.

Another play which was interesting from the M. P. M. A. standpoint also occurred on the kick-off. Graver kicked, and Psik broke through five Elgin players, who were running interference, to get the runner.

It was some consolation to the team that on the next Saturday, Elgin was beaten 45-0 by the same team that beat us 13-0 earlier in the year, Lake Forest.

Old Rivals Lose For Cause Of Charity

In a charity game at Ridge Park, November 12, Morgan Park came out on the long end of a 12-0 score. Captain Graver scored both touchdowns, one as a result of a 24 yard run in the second quarter, and the other after a run around right end in the last period. The longest run of the game was one of 35 yards by "Heinie" Furmaniak. These two were the ones who advanced the ball, but it was Norton, Slama, and the rest of the line that opened up the holes.

Win All-State Honors

Some idea of the caliber of this year's team is gained when one learns that Graver and Haas were both named All-State. It is no wonder to those who watched the team all season that these two were picked as outstanding in their positions over the rest of the state. Graver was a consistent ground-gainer all through the year and his right toe added point after point to our score. It is really too bad that the team he captained couldn't have taken the Mid-West Conference championship, but it was not written that way. While "Mule" Haas' work was not

KOZEL

noticed so easily as he played in the line, yet he was always able to open up a hole at tackle for Graver, Kirn and the rest to drive a truck through.

If it were needed, the fact that George Morgan was named All-State quarterback on the second team would add to the warriors prestige. George was one of our most colorful players, partly because he was so small. His twisting and weaving added

many yards to our total.

Boies—Boies just came to school this year, but he lost no time in proving his worth in the backfield.

Carlson—"Hal" played in the backfield part of the time, but his best work was done at end.

Furmaniak—"Heinie" led the way to many touchdowns, and was good for several yards most of the time.

Graver—"Phil" didn't talk about winning games, he just went out and won them.

Hokin—"Barney" seemed to be pretty light for a heavyweight center, but the opposition did not often go through.

F. Haas—Floyd at tackle got on the enemy team's nerves because of the way he kept breaking through their lines.

Kozel—"Chuck" at half was hard to stop. He is FAST.

O. Kirn—Oscar was the boy who shone in the spinner plays.

Meadows—The five fellows in the middle of the line averaged over 185 pounds, and "Stewie" contributed over 200 pounds.

Morgan—That George is on the track team was demonstrated many times to the rest of the Conference.

Nelson—"Nelly", as usual, played a bang-up game at guard.

Norton—The other tackle and did he stop 'em.

Slama—Capt. Fleming said that Slama wore the biggest sweater he had ever given out.

Smith—"Welly" always "Nailed his man."

Swade—Henry was a half this year and we're looking for big things next year.

Wagenseller—"Waggie" was another of our linemen who caused trouble for other teams.

CAPT. MANN

1931 Lightweight Season

THE Lightweight season of 1931 was successful. They played a tough schedule of eight games and came out on the long side of the score in six of them. Captained by "Bob" Mann the team was very light and shifty. The line was a hard hitting and fast charging machine and the backfield was a combination that was hard to beat. The squad had plenty of material in every position so there was plenty of competition to keep up the fight for places on the team. The lightweights of 1931 were an outfit to be well proud of.

Lane Upset in Opener

The Lights opened their season with a victory against Lane Tech to the tune of 7-0. It was by good luck that the Lights obtained their touchdown. Catch blocked a punt and Habich fell on it across the line for the six points. Mozoleski, at center for the first time, played a good passing game. Schofield intercepted a pass and ran across the goal but it was called back.

In a field of mud the Lights sent down their second opponent to defeat by 13-0, Arcus going over the chalk mark for both touchdowns. Blue Island played hard but could not stand up against the terrific attack of the Lights. Captain Mann calling the signals played a game that was sweet to witness. Although the ball was heavy with water and mud, Dennis got off some nice punts. There were not many fumbles on either team.

Pullman—Third Victory

The Lights gained their third straight victory by downing Pullman Tech 6-0, Arcus going over for the precious points. Dennis made a beautiful run but was pushed off side after what seemed like a sure touchdown. The line was functioning to their best ability and were continually pushing back the Pullman men.

Bloom handed the Lights their first defeat in four starts, to the score of 7-0. The Lights fought hard but did not seem able to get clicking. They had a couple of unlucky fumbles that might have changed the reading of the score. Habich played a pretty game at end and he sure did tackle 'em hard. The game was mostly a punting duel between the two teams.

In the fastest game of the year the Lights handed Harrison Tech a 26-0 trimming. Catch playing at fullback was a sight for sore eyes. Bob Arcus at left half had the good fortune to go over for the first two

GET 'EM GATELY

The 1932 Skirmisher

scores with Jack Catch right behind him with the third touchdown of the game. Eich got his hands on a nice pass and scampered over the line for the fourth and last tally of the game. The lights had Harrison under their thumb the whole game and could advance the ball almost at will.

Calumet Puts up Battle

Calumet was taken into camp to the tune of 6-0. Calumet won last year by two points and the team was out for blood. By the aid of the terrific ploughing of the line and the splendid interference by the back-field, Arcus was able to go over for the only score of the game. Clemensen was cracking the opponents wide open with that hard tackling and blocking of his, and Schofield at fullback was fast and shifty.

On a sticky field, the Lights lost their second game to a big team from Hammond by the score of 18-0. The Lights put up a brilliant but losing fight. But they sure lived up to their name of "The Fighting Lights." Although greatly outweighed they dug in tooth and nail, and every man was hitting just as hard as he knew how. We'll never forget when Jack Catch came up from six feet of water with his tooth missing. Morgan Park was penalized several times when they might have had a chance to score. But Hammond's superior weight certainly told on that wet field. It also seemed that the Park could not hang on to the ball which was slippery.

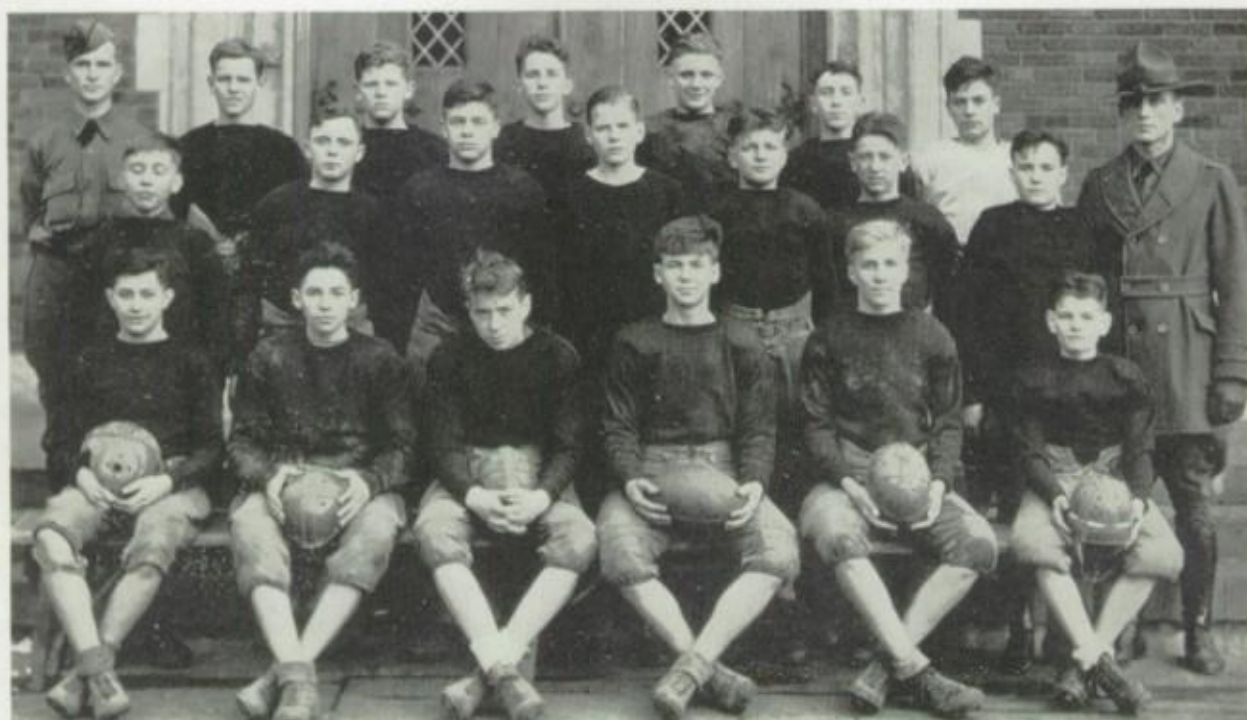

CATCH SET FOR ACTION

Win Final Game

The Lights went out in a blaze of glory by licking Bowen 6-0. Bowen has always been known as one of the toughest teams around here, but they couldn't stop the "Fighting Lights." Arcus with a wonderfully functioning line in front of him went over for the lone touchdown of the game. Every man was playing to his utmost, with Catch doing most of the ball toting, and Gately playing like a fiend at end. Bowen almost tied us when they were down on our one foot line, but the wonderful spirit of the team fighting as only Morgan Park teams do, kept them from crossing the line. The Lights were a team that any one could be proud to say they played on.

UNDER the coaching of Captain Wilson the "Little Maroons" went through a fairly successful season. They started out the year with a little hard luck. Roy Wilson had to have the misfortune of breaking his ankle in the first scrimmage of the season. Le Vee was the senior member of the team and was one of the outstanding players of the team. One of the littlest members of the team was "Jackie" Kimbell, who made up in fight what he lacked in size.

In their first game of the season the Bantams won from Lake Forest by a tight score of 7-6. Shay who was acting-captain for the game made the tally, while Tanner drop-kicked for the extra point. Coach Wilson was well pleased with the actions of the team, and said he had a real outfit in the making. After a hard struggle the Bantams lost a hard fought game with Bloom 13-0. The little team was completely outclassed and outweighed. They put up a real Morgan Park battle to no avail.

In their second encounter with Lake Forest the Bantams lost to the tune of 13-7. Geneser made the lone touchdown for Morgan Park after making a brilliant dash of twenty-five yards. The midgets were a little more outweighed than they previously were and that made a slight difference in the final score.

In their fourth game of the season the Bantams won from Loyola 19-0. The team resorted to a superb aerial attack that the visitors could not overcome. Tanner, playing a wonderful game at end did much toward paving the way to touchdowns by snagging some passes out of the atmosphere.

Basketball Review

CAPTAIN KAPLAN

EVEN though the heavies beat every team in the conference, they did not win the championship, because they in turn were beaten by every team but Wayland. The team was a great one this year, with "Nevvy" back at center, "Heinie" Furmaniak and Johnny Pilgis at forwards, and Chuck Kozel and Stan Kaplan guarding our end of the floor.

All but Pilgis had been out for the team before, and all of these four won letters last year. But don't think that because John was new and a sophomore that he wasn't good. His specialty was follow up shots, and they did much to upset such teams as St. Albans, Elgin, and Onarga. Then, when they watched him too closely, Stan Kaplan, Kozel and Furmaniak started to sink their long shots. One new man who looked like good material for next year's team was Virgil Evans, the lanky boy who gets the ball on the tip off.

With a large crowd watching them, the heavies gave up a day of their vacation to beat Blue Island 25-19. The game was a close one with the lead see-sawing back and forth until the closing minutes when the Warriors pulled ahead to win by six points.

In the first tilt with Catholic Central High of Hammond we came out on the long end of a 23-21 score, defeating a strong well balanced Hammond team. In our second tilt with this team we again were victorious the score being 27-23. Kozel led the scoring with eleven points. The Maroon five took Elgin for a ride in our first encounter with them to the tune of 28-22. "Heinie" Furmaniak led the scoring with fifteen points. But in our next game with them we were on the short end of a 22-29 score.

Onarga licked us in the first encounter by a 25-19 score. The next game with Onarga was very tight but we came out on top by a 31-30 score. The final point was made in the second overtime period. The second overtime was made possible by Furmaniak's field goal which tied the score for the second time. It was also his shot that won the game for us.

The best team that has been seen on our floor for many a day was Lake Forest and they handed us the worst defeat of the season 36-17. Again we accepted defeat from them on their own court. This time it was 37-22. Lake Forest had an exceptionally large team in size and number, and eight of them were enough to beat us.

Elgin Defeated Handily

While "Heinie" Furmaniak was rolling up fifteen points, and the rest of the team adding thirteen, the

KOZEL ON GUARD

The 1932 Skirmisher

best that Elgin could do was six points less than the Morgan Parker's total. And the final score of the game was 28-22. "Heinie" was by far the star of the game with his seven field goals and one penalty shot, against Elgin's best. But Elgin gained revenge for the defeat and this time they came out on the large end of the score. It being 29-22. Zuttermeister of Elgin was the star of the game totaling fifteen points. The game was exceedingly rough, twenty-three fouls being called, and eighteen of them were sunk.

It seems as though every school has its traditional rivals and we are no exception, ours being Northwestern. This year as was the case in former years we won, the final score being 23-10.

Sixteen points scored by Rutherford of Pullman prevented the Warriors from having the feeling that the game was at any time in the bag. But Kozel and Rosicky's tallies in the final frame gave the team a five point margin to add another win to their string of victories.

A slow breaking offense that functioned well won a slow ball game for St. Albans, to the small score of 19-14. The Morgan Park team did not seem to be able to ring up baskets when they had the ball in their possession. The heavies gained revenge for this inglorious defeat, and doubled St. Albans score and added three more points for good luck. The final score of this run-away—the opposite of our first fray with them was 49-23. Kaplan in the second half, sunk six baskets and two free throws, which added to his first half basket gave him a total of sixteen points.

FURMANIAK ON THE JOB

Indiana Team Wins

One of the best basketball teams, Michigan City, in the state of Indiana took the major portion of a 30-25 score in handing the Maroons their second defeat in a row. The game was one of the fastest seen on our floor this year.

A slow Wayland team was defeated by Morgan Park in the last but one game of the conference race. The game was slow and uninteresting, the final score being 34-25.

The last game of the season ended with a one-sided win over Luther Institute, the score being 44-14. The score at the end of the first stanza was 16-2, and was an indication of the way the game ran.

After drawing a first round bye in the Mid-West Prep Conference Invitation Tournament, the Academy heavyweights lost the first game to Mooseheart 30-25, which was no disgrace as they won the tournament.

EICH AND "KONNY"

The Lightweight Basketball Review

WITH only three regular men back from last year, two guards and a forward, Coach Mahon was faced with the problem of finding a new center and a forward who could blend in with the lightweight brand of playing. Morgan, Eich and Captain Konopasek were the returning lights.

The Lights first game with the Hammond Catholic Central High School was won by a scant two points. Eich led the scoring with Morgan close behind, and the whole team playing in perfect coordination.

In the game with Onarga, the Lights had little trouble, and won by a nice margin of 28-15. Our "Fighting Lights" played a bang up game from beginning to end, not letting down until the last whistle had blown.

Lights Have An Off Day

With the playing of the Lake Forest game it seemed that the team had an off day. Although they kept up the fighting spirit they did not seem able to click. They were taken down by a score of 24-15. It seemed that the Lake Forest team was under perfect control at all times.

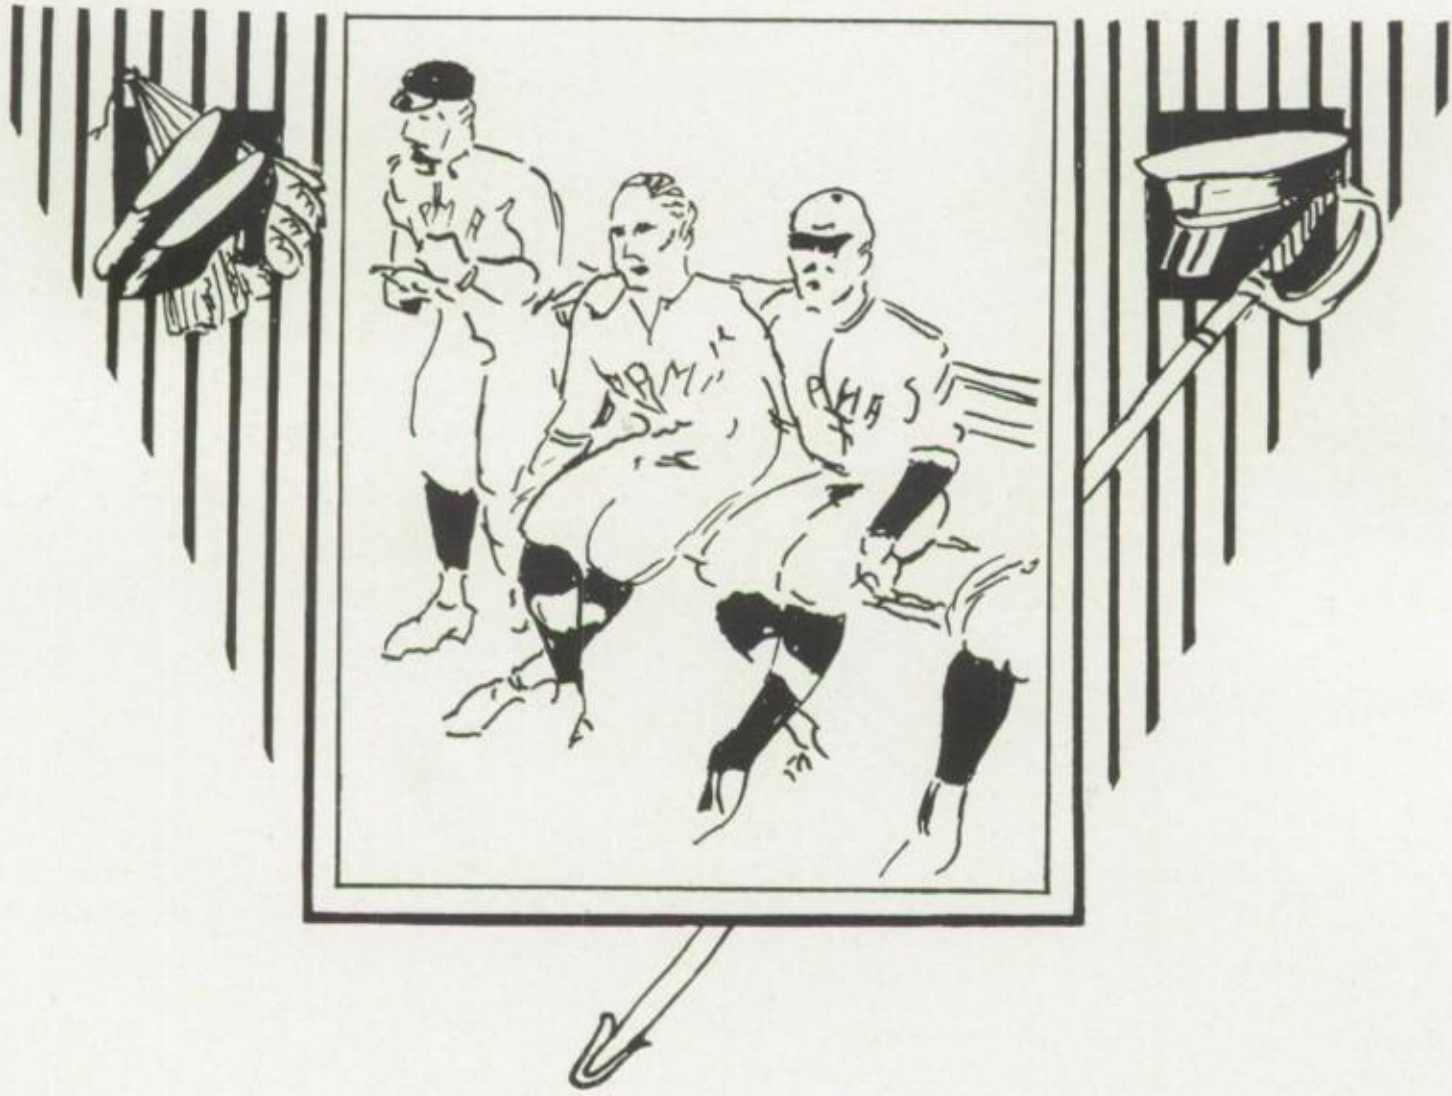

The "Fighting Lights" added another win to their long string of victories, when they swamped the St. Albans Lights on the Saints floor to the sweet tune of 37-13. Morgan Park had a passing game that could not be broken up. And they functioned the way a real Morgan Park team can.

In the second contest with Pullman Tech the Lights were forced to play hard basketball with no funny play. But they emerged from the contest on the large side of the score 21-17. The Pullmanites played a hard fast game but could not penetrate the Lights tight defense enough to tally up scores enough to beat us.

In the most exciting game of the season the Lights took a fast thriller from Michigan City by the extremely tight score of 27-26. The Lights looked like they were beaten in the first quarter but came back in the next three quarters to turn a much bigger team absolutely on their heads. The Lights played all around them in such a way that they didn't know what was happening. The "Fighting Lights" should be highly commended for the performance that they put in that night.

KAPLAN STRIKES

Baseball Review

ALTHOUGH the 1931 Baseball team lost the majority of its games, it has kept up the old Morgan Park Spirit and showed "the old fight". It is hard for a losing team to keep fighting and never quit 'till the last man is out, and never know when they are beaten, but under this strain they worked and kept up their spunk wonderfully well. Towards the last of the season the team improved greatly as you will notice if you compare the scores of the first four games with those of the last four. The outstanding

players of the 1931 season were Sinclair, Fischer, Nelson, Ribbentrop, and Furmaniak. This year we expect big things from this team with "Heinie" Furmaniak leading them, and Eich, Kaplan, Haas, Pilkis, and Heitmann as his assistants.

The game with Fenger was the opener, and as usual "Mare" Nelson got into the limelight by playing a wonderful game in the field, and equally as well at bat. Kaplan started as pitcher but was under a strain because of suffering from a sore arm, but he did well considering the circumstances. This game ended up with Fenger at the long end of a 19-9 score.

Worse luck the second game. We couldn't get going, but again they couldn't get many past "Nelly." Captain Sinclair showed the corps what he was made of, by playing a wonderful game. In this game the honors went to Pullman, by holding us scoreless, 14-0.

The fielding wasn't quite up to par in the Blue Island game, but it was quite well done. The infield was shifted a bit, and we hope to see some fast playing from now on. Fischer showed up exceptionally well at bat. At the close of the ninth inning Blue Island was ahead 16-10.

The main reason for the fall of the Warriors at East Chicago, was that they couldn't hit, but their opponents shined exceptionally well in this role. The heroes of the day were Furmaniak, Fischer, and Nelson, Fischer getting two runs, and Furmaniak three hits,

COACH AND CAPTAIN-ELECT
LOOK THEM OVER

The 1932 Skirmisher

making the final score: East Chicago 20, M. P. M. A. 6. Leake, and Schwab shared the pitching honors.

In this game there was quite a bit of "pepper" showed in the team's spirit, and "Sinny" did a good job pitching. The only ones to cross the plate for Morgan Park were Nelson, Gilmore, and Leake, all of these being tallied in the seventh inning. Final score being Pullman 6, M. P. M. A. 3.

This week turned out to be a big week for us, we had two games with Luther and we won one of them! The first one turned out to be a real "thriller", but we lost 7-6, but we beat them the second game, 10-9.

We believe that four games in two weeks was too much for the nine. We were beaten twice in one week, we lost the first to East Chicago 11-5, while the other one was dropped to Howe, 14-12.

Again during the closest game of the year we ended up at the tail end. The lone tally was given by Captain Sinclair, while Kaplan, Leake, Haas, and Ribbentrop each had five hits. At the close of this exciting fracas the score was Bloom 3, M. P. M. A. 1.

In the traditional battle of the Alumni, they bowed to us by a close score of 17-16. The star for the cadets was "Bill" Eich with three singles and a base on balls in four times at bat. "Stan" Kaplan and "Arnie" Schwab did the pitching for the cadets, while "Hopkie" Priess did the pitching for the Alumni.

ONE BAGGER FOR "SINNY"

1932 Season

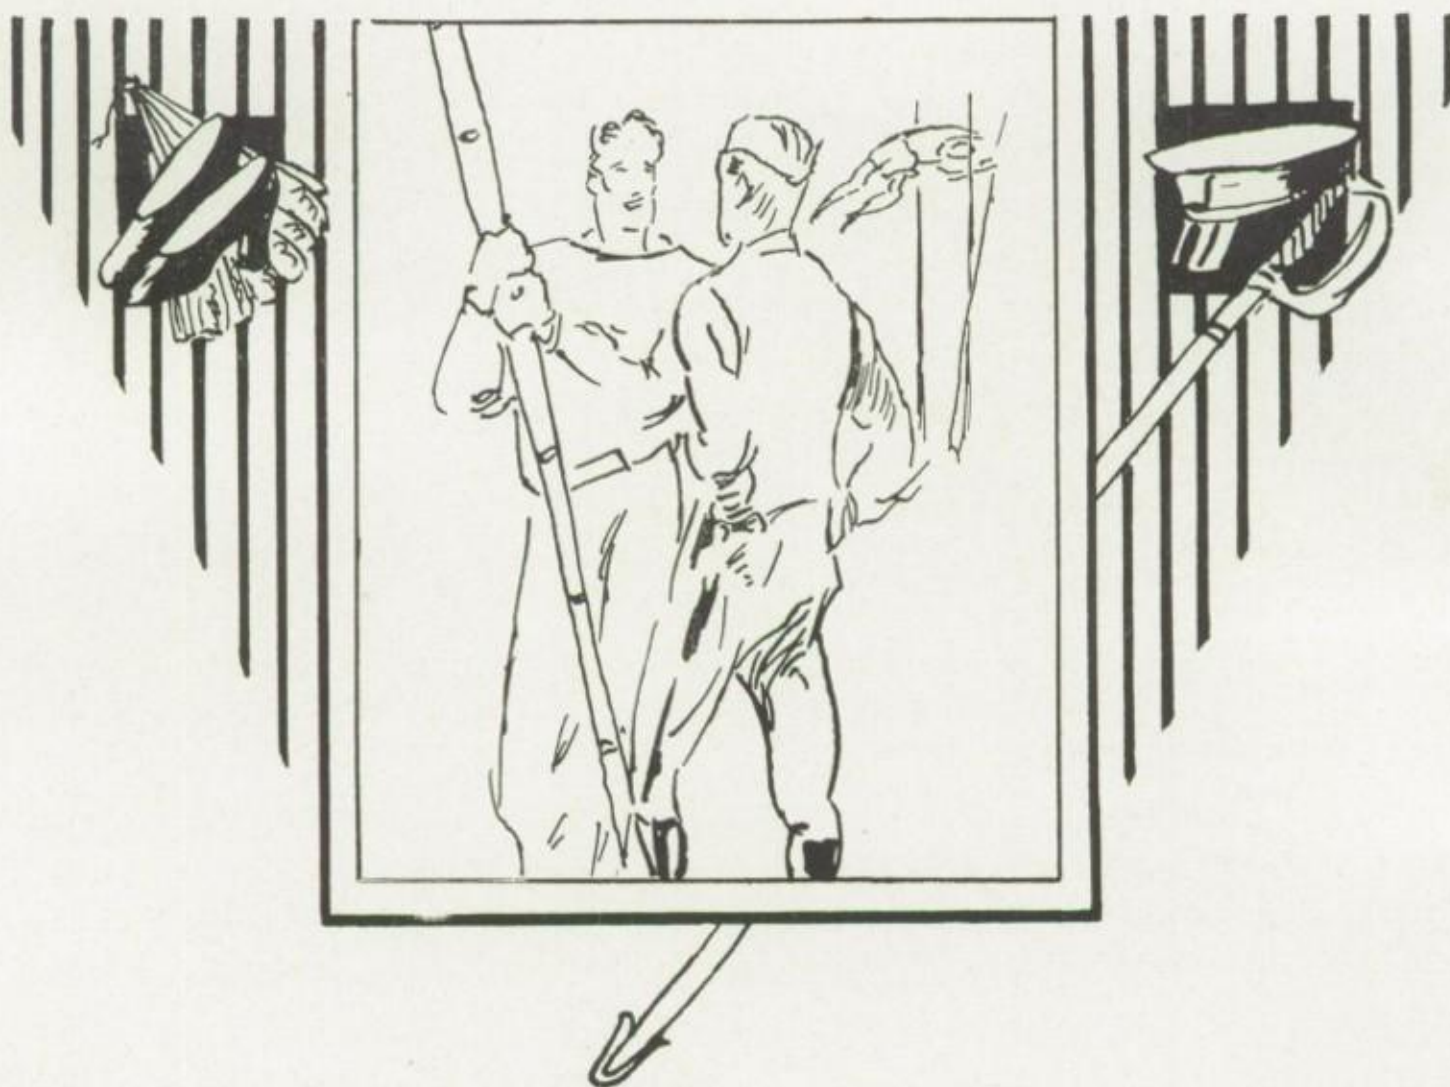

COL. JONES TOSSES THE FIRST BALL IN

The 1932 team has a marvelous outlook with five letter men back and a host of former sub-players. This year, we also have Herschel Brown, a pitcher, who has great control and should materially aid the team a great deal in having a successful season.

The team also has "Hal" McHugh, and "Ken" Mower, a very able pair of catchers. With Furmaniak and Kaplan batting better than ever, the whole team batting on an average better than last year, we believe that the season will be one of the best in the history of Morgan Park's baseball teams.

As this book goes to press, we find that the nine has beaten Lake Forest 8-2. This is quite a feat considering that they have licked us in other major sports. Led by "Heinie" Furmaniak the team defeated Blue Island at home by a score of 9-4.

FREEMAN GETS READY

Track Review

The 1931 track team had a very successful season. This team had the longest schedule of the last few years, participating in eight meets. Out of these they won four, placed second in a triangular, and the conference meet, and lost two. With five letter men back, a successful team was formed. They being Danner, Elliot, Freeman, Paulsen, and Rosicky. Freeman was the high point man of the season with 53 points to his credit. Rosicky was next with 50 points, and Danner got third place with 40 points.

The first meet was a triangular one with Blue Island and Kankakee. Morgan Park took three firsts, being in the broad jump, Freeman won the hundred, and Danner won the shot-put.

The U. of C. High School was the first to taste defeat at our hands. We took eight out of twelve firsts. Some of the marks were lowered despite the fact that weather conditions were very poor.

The third meet of the season was lost to Lake Forest. We were outclassed in the running events, winning one out of seven. We made our points in the field events. Elliot took first in the 880, nosing out Sproul who was second. Paulsen won the high jump.

Morgan Park's second and last defeat of the season was at the hands of Onarga, who beat us by six points. Each team had seven firsts. The relay was won by Morgan Park, the team consisting of Gentleman, Dennis, Freeman and Watkins. Freeman and Danner each took a first and second. Morgan cleared the vault at ten feet.

Austin Outclassed, 77-26

Austin High was literally crushed by the track team. We took ten out of twelve firsts. The track was very slow and muddy. The Sproul-Elliot feud for supremacy in the half mile was very evident during the race. On the home stretch Sproul came from behind to nose out Elliot by a foot.

The conference meet was the closest of the season for us. From the beginning it was obvious that the battle for supremacy was between Morgan Park and Wayland. The two teams were neck and neck until the relay which was the deciding factor of the meet. It was won by Wayland. The first three men of both teams were neck and neck but our anchor man had to run against the fastest man at the meet, and he won for Wayland. Sproul won

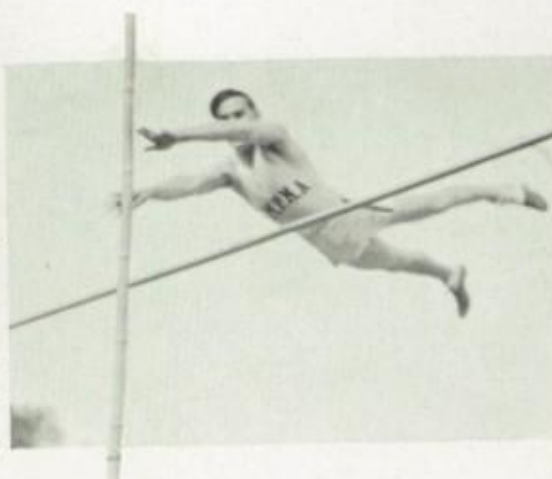

HIGH JUMPING ROSICKY

The 1932 Skirmisher

the first credited to Morgan Park, in the half mile. Elliott was second in the mile, and the half mile.

Lindblom next suffered defeat at the hands of our cindermen by a large score. The half mile was again the interesting event of the meet. Sproul led the race till nearly the finish when Elliot passed him up and beat him by a few scant inches. Paulsen created quite a surprise when he won the high hurdles, an event in which he seldom competed.

MORGAN POLE VAULTING

Season Closed With Victory

The last meet of the season was with Loyola and was won by Morgan Park. It did not seem that there would be a track meet at all, but it stopped raining and the meet was held under averse weather conditions and a slow track. Two very interesting happenings occurred during this meet. One was the breaking of the school shot put record by Danner. The former record which was made by Baker, '16, has stood for fifteen years. Elliot also gave us a surprise by winning the mile and half mile, a feat that is seldom duplicated.

WINNING four out of six matches was the accomplishment of the Morgan Park tennis team. In the opener, Greenman was the only one who had any trouble winning, but he finally downed his man 7-5, 6-0, 6-3. All others won easily, the final score being M. P. M. A. 6, Pullman 0. The return match with Pullman was a little harder for the cadets to win, but they pulled through 3-2. In the second match with Luther, each side won two singles matches, but the Morgan Parkers won both doubles to win 4-2.

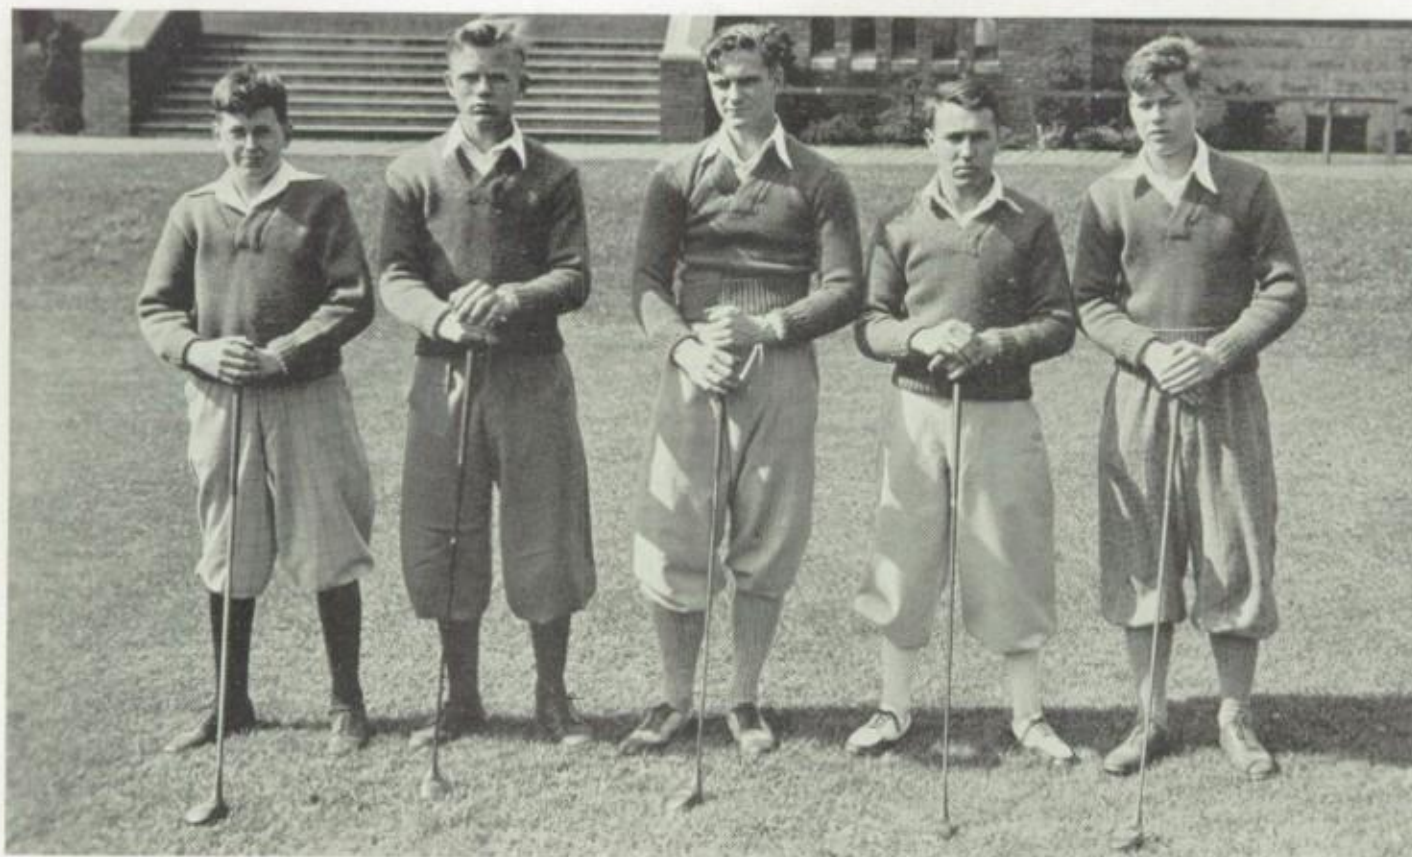

GREENMAN SERVES

On May 23, the cadets journeyed to Elgin for the conference meet. Greenman and Shrewsbury, ranking, 1 and 2 respectively, were each put out in the singles and as a team, were put out in the doubles by the team that later won the tournament, Gately and Arcus, as number two team, advanced to the semi-finals but were defeated by the same team that put out the other Morgan Park team. The last two matches were with Lake Forest and each was lost 7-0.

THE cadets of Morgan Park may well be proud of the work of their 1931 golf team, which won four matches, losing only one, to Lake Forest. In the opening match of the season Morgan Park beat Luther, 10-8. The cadets had to work harder to win the second contest, but finally defeated Pullman, winning by one point after a nine hole play-off. The next match was with Lake Forest, and the Morgan Parkers won by forfeit when two Lake Forest men became ill. Then a defeat by Lake Forest, 10-2, and on Alumni Day, the old boys were beaten 243-252, the four low scores on each side being totalled for the final score.

Besides the lettermen, Paulsen, Humes, and Clemensen also played well.

The first three matches were played at the Pipe O' Peace Golf Course at 147th and Halsted Streets, the fourth at Lake Forest, and the game with the Alumni was played on the course of the Ridge Country Club at 106th and California Avenue.

February 20	M. P. M. A.	1578	Evanston T. H. S. .	1698

THIS is the main all-year round activity at the Academy. This year the team is better than ever before as the result of their various meets show. Under the coaching of Sergeant Nolan they have progressed more rapidly this year. Many of those on the team won letters last year and with this as a backbone the team progressed as it did under the able leadership of Captain Bob King.

Every afternoon if you wander near or in the range you will here the "pop" of the guns as the various members of the team strive for perfection. Also with the real shooting there is a great deal of "dry shooting". This exercise is for the purpose of perfecting the position and lining of the sights. The team competed in more matches than usual this year and came out on top in most of them. Some of the matches were shoulder-to-shoulder matches, while others were telegraphic, wherein each team fires on their own range.

WRESTLERS IN ACTION

1931-32 Wrestling

WRESTLING is under the supervision and coaching of Mr. James Erickson and because he put so much enthusiasm into his work it soon became one of the popular winter sports. He had a large turn out and developed some good wrestlers. This is Mr. Erickson's first year as coach of the team but he did wonders with his men. The team had two bouts with the Morgan Park high school and lost them both, however there was fine sportsmanship shown and the team gained much experience.

Mr. Erickson is a student at the Chicago Y. M. C. A. College and

there secures the knowledge he puts into practice in the way of demonstrating various holds and wrestling tricks. This activity was in it's prime during the winter months. The team met in the basement of Alumni Hall and used the large mat there. With a little more practice next year, it is expected that the wrestling team will be a bang-up aggregation.

On the wrestling squad were Norton, Ickes, D. Pinkerton, LaTourette, Groebe, P. Pinkerton, W. Brown, Wagenseller, Bailen, Barrish, and F. Haas. Although many of these are seniors, considerable interest was aroused which will bring out many contestants next winter.

In addition to serving as wrestling instructor, Mr. Erickson supervised the East Hall when Captain Wilson, tactical officer, was off duty. Mr. Kravig performed similar duties for Captain Knauff in Hansen Hall.

1931-32 Boxing

In addition to wrestling, there is boxing. This also has proved to be a favorite sport with the cadets during the winter. This team is also under the able guidance of Coach James Erickson. Most of the boys that are out for wrestling are out for boxing too, so it is quite evident that we have a husky team. Although the team did not have any meets this year, we are quite sure that we would have come out on the long end of the scoring with any other school group of pugilists.

WEIGHT LIFTING, 1931-32
Top Row—SPEREKAS, GOES, L. MANN, W. EVANS.
Bottom Row—REDMOND, ANDRADE, CAPT. PAUL, GIST, JONES.

The 1931-32 Weight Lifters

THIS year marks the inauguration of Captain Paul's Weight Lifting Class. The main purpose of this course is to build up the body and make the cadet strong and healthy. Many cadets participated in this activity during the winter months as it helped to while away the hours during the storms. Captain Paul furnishes charts for the cadets to make a record of their daily work, and from time to time the records are published, and the boys with the biggest improvements are mentioned.

As the weather got warmer he brought the weights outside in front of Alumni Hall. The sole purpose of this is to give the participants the full benefit of the sunshine during their work-outs. Another advantage of being outside is that they get the fresh pure air. This cannot be done in the basement. Many details have been formed through the courtesy of Captain Paul to go down town and see weight lifting contests. These have proven to be very popular with the cadets and also very useful. To show the cadet corps how they have been working, at the Second Annual Pow-Wow, the Weight Lifters gave an exhibition which proved to be very instructive.

Nightly activities furnish the necessary touch of culture and afford the cadets opportunity for broadening their scope in lines of their own choosing.

FEW people realize all the energy, work, time, and loss of sleep represented in the production of the SKIRMISHER. The book starts out as a blank piece of paper, where idle thoughts are collected, and rounded out, finally, into perfection. Then it must be proof read, then it must be cut down to the correct amount of words. It is then sent to the printers.

The pictures must be sent to the engravers, and then the next stop is the printers. First it is made into metallic type, this is then put in a frame, we correct the proof and it is printed for the book. (The stories must be original and not on the same order as the preceding year.)

EDITOR POMARANC

We, the staff of the 1932 SKIRMISHER, wish to especially thank Harold Ollier, '26, who has spent a great deal of his time for the benefit of this book, Mr. Oliver Rogers, of the Rogers Printing Company, Mr. Hauschner, Mr. Dyer, and Miss Stone, all of the Daguerre Studio who co-operated with us on the photography, and last but not least Mr. Joe Tillotson, who helped supervise the art work; to all of these goes thanks.

THE "Guardians of the Morgan Park Spirit" have had a successful year under the leadership of Jack Catch. Pep meetings were better than ever, admissions collected at games built up a sports fund, the Charity Game made a valuable contribution to the poor, the Green Lantern Club dance was the outstanding social event of the season and all of these were sponsored by the Guardians. Other contributions to school life were made by the Guardians, with perhaps the spirit of the men themselves being the most valuable.

HERE are the musicians of the school with their snappy rhythm. The Corps was always glad to have their music and entertainment when they played at Mess III on Wednesday evenings. In the Minstrel Show too, these boys put on a novel entertainment with specialty singing by George Morgan, and with "Bob" Craig and Frank O'Brien in the role of clog dancers.

To Captain Hirschy goes credit for keeping these players going. Hours of his time is given to furnishing them with music arrangements, and to the direction of their practice.

The Glee Club

THE GLEE CLUB was organized this year under the direction of Mrs. Florence Cook. They had quite a large turn-out and a very good Glee Club was the result. The first event that they participated in was the Christmas celebration given in Alumni Hall and their rendition was received very well by the corps. The next opportunity that they had was the minstrel show where they also gave a fine exhibition.

They met every Tuesday night in the Music Room of Alumni Hall, and those who have heard them practice are surprised in the interest which they show. They also gave a few songs in the mess hall, all of which were college songs known by the corps.

The Debate Team

The question for this year's team is "Resolved that these several states should enact legislation providing for compulsory unemployment insurance." There are four men on the team this year. Captain Merrill Dakin is the faculty advisor of this group, and he has done his job efficiently.

Captain Dakin has taken the team on many tours to the city, the feature one was interviewing S. J. Duncan-Clark, editorial writer for the Chicago Daily News.

A POPULAR MAN

The Minstrel Show

THE 27th Annual Minstrel Show was enthusiastically received by a large audience when it was produced this spring in Blackwelder Hall of the Morgan Park High School. Under the direction of Mrs. Florence Cook, the show had pep, wonderful singing, skits and specialty numbers which caused unusual comment.

A DANCE GROUP

Left to Right—KONOPASEK, D. PINKERTON, MAUREY, CALLAGHAN, KOPEK, SCHLEICHER.

The Stamp Club

THIS club under the able direction of Captain Stephen J. Kling has progressed more rapidly than any other activity. They took trips to the city to stamp auctions and engaged speakers out here to tell them the value and origination of many valuable stamps. One of their most noted speakers was Mr. Frank J. Kovarik, he spoke on "Stamps, Their Manufacture and Use." He proved to be quite interesting to the members.

The Art Club

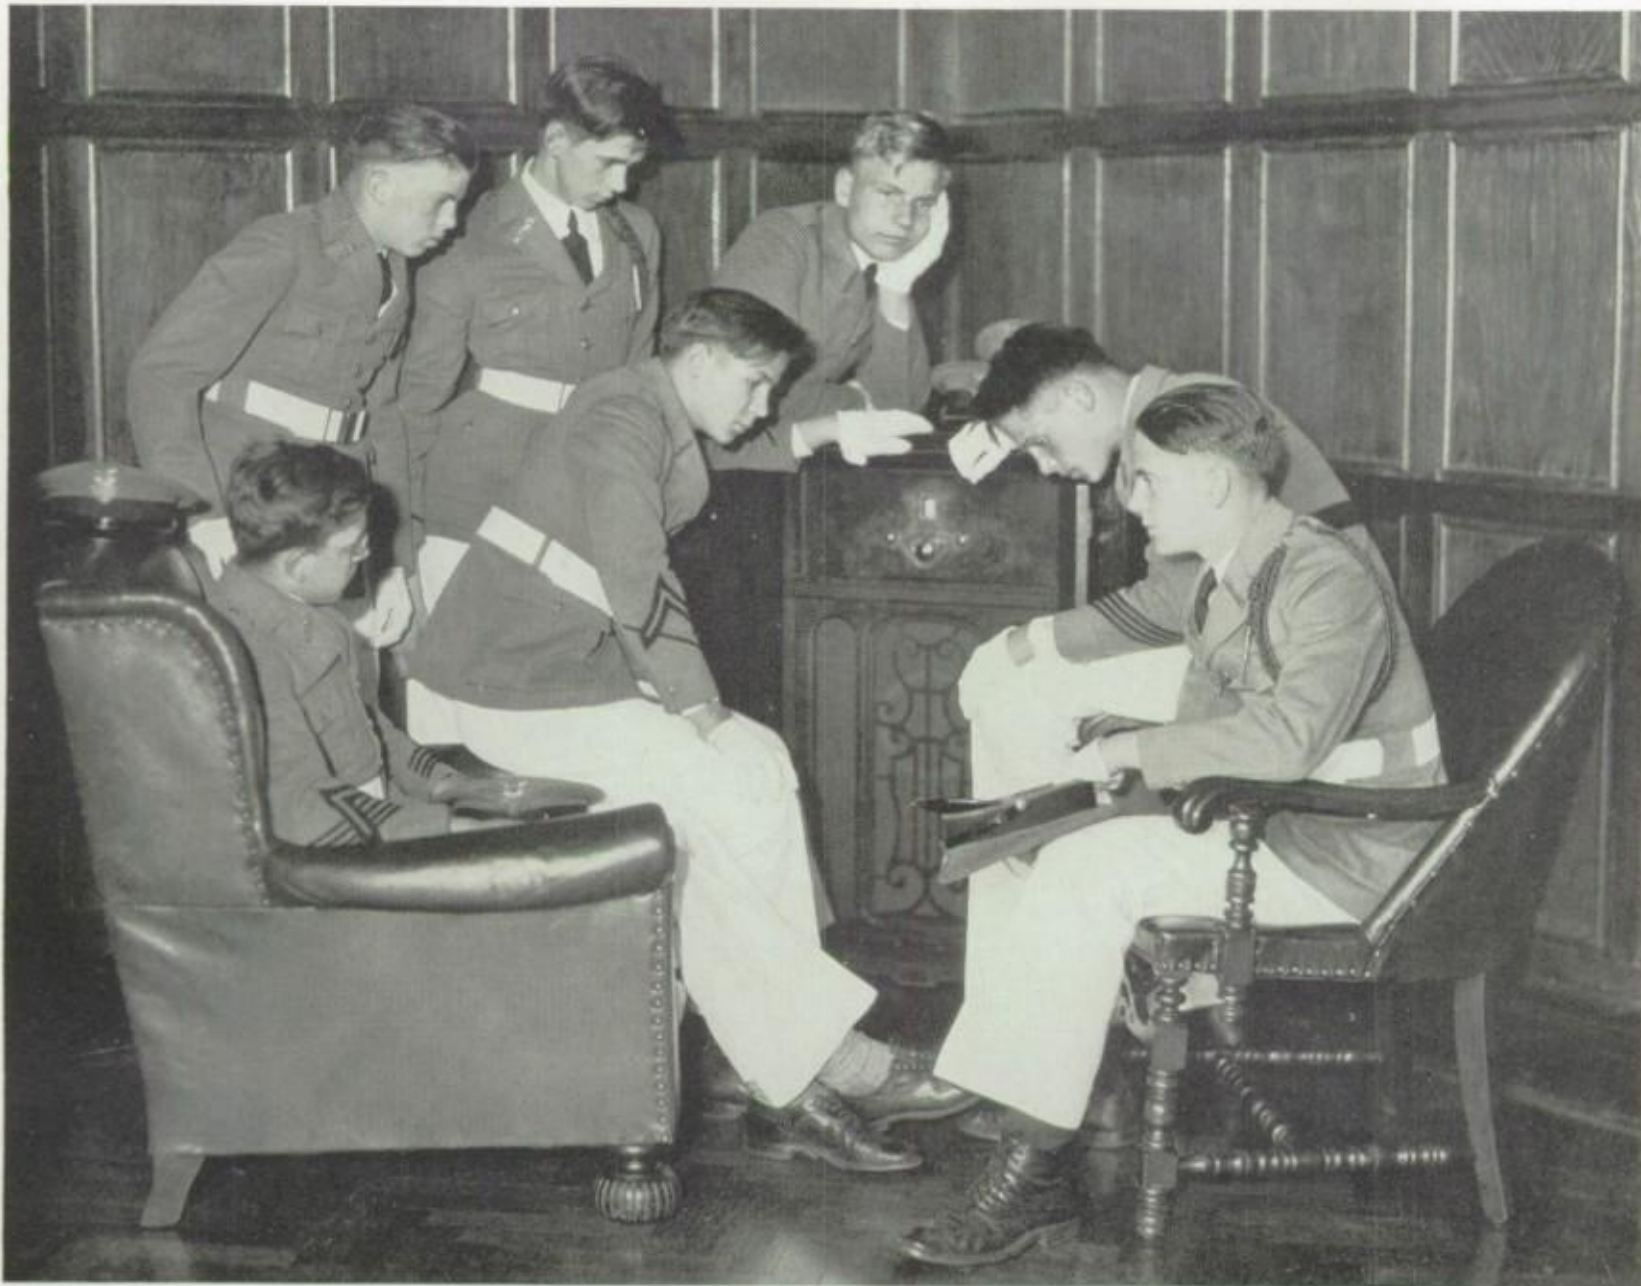

THIS activity is under the leadership of Mrs. H. G. Price. They have a studio located in the tower of Hansen which is for their exclusive use. Here, those cadets who have artistic talent are able to display and further it. Lyman, Craig, and Meadows who are members of this club, did all the pen and ink sketches in this SKIRMISHER. Among the various media used by the members of the club are: oils, water colors, pencil and pen.

The Bridge Club

THE main purpose of this activity is to teach the student the rudiments of this fascinating recreation. This year for the first time the club chose a president to be at their head. The president is Joseph Caruso. The faculty advisor of this group is Captain Albert G. Dodd, he has shown the cadets many fine points about the game which are both interesting and useful.

The Pistol Club

THIS year marks the first year of the Pistol Club. The members of this club all have their own .22 pistols and meet one night a week when they have target practice. The club was started by Bob Schleicher and under the tutelage of Sergeant Nolan they are progressing rapidly and all those who take an interest in this diversion are welcome to join the club. The marksmanship that is learned in this activity may come in very handy in later life for handiness with a pistol, is also a helpful advantage.

For the first time in the history of Morgan Park yearbooks, the cadets of the Lower School have written this section themselves. This is a new departure in yearbooks and, we hope that it meets with your approval.

THE BIG BOSS

CAPT. MAYHEW, *Principal*

Captain Mayhew, who is the principal of the Lower School, has been at Morgan Park fourteen years, thirteen of which he has spent as principal. He knows his job well, because he knows boys. He treats every boy fairly and squarely and has a good word for all. He has much patience, which he has to use when some of the boys do something wrong. After the boys or boy has been tried in Captain Mayhew's court and either found guilty or not guilty he is given another chance and a clean slate.

The entertainments that the Academy gets is due to Captain Mayhew's hard work. He gets many fine things for the Lower School too and the boys enjoy them very much. It was Captain Mayhew's suggestion and idea that the Academy have a talkie machine.

Many other things can be said of Captain Mayhew but above all he stands out in his fair and square attitude. Many fine boys are sent out of the Lower School and it is mostly due to Captain Mayhew's hard work and skill. He has the patience of a saint sometimes and because of that and of many other things the boys respect and like Captain Mayhew very much.

WONDERFUL SPRING CAMP

Every year the Lower School boys take a trip to the Indiana State Dunes. Every boy enjoys this trip because there is no formality about it whatsoever.

Among the activities, there is a treasure hunt. The treasure hunt is always very hard and it usually takes from nine o'clock to about three 'till the first group comes in.

Then comes the red and white war, which is a lot of fun. Usually the reds have the hill one year, and the whites have the hill the following year. At a certain time the war starts and keeps up for about an hour, and then Captain Mayhew blows a whistle to stop. The bands are then counted and the side that has captured the most bands wins the war, and usually there is a reward for the winner.

In years that have passed, Captain Mayhew has had Chief Whirling Thunder out to camp, but this year there will not be any entertainment at camp, but Captain Mayhew will make up for it, by extending the vacation one day longer.

The food at camp is always excellent, and the boys always get Strawberry Shortcake the last day. We will go to camp in Greyhound busses this year, and we will leave a week later so that the exams will be over by the time that we leave. The exact dates are May 27, 28, 29.

The new men get initiated in the form of getting thrown in the creek, and the ones that don't get the creek get the paddling machine.

SOCIAL LIFE

Among the social activities comes Mrs. Gotham's little get-togethers. Every so often she has small get-togethers for small groups of boys. The boys have a lot of fun. They usually read magazines, popcorn, listen to the radio, and play bridge, and all in all the boys have a lot of fun.

OUR MOVIES

The school year 1931-32 began its movie career using the old silent machine. The first picture was "Trees to Tribune." This was followed by educational features of the silent variety. In November, came Dad's Day and with it the contribution of this group of "good fellows" of about \$400 for a sound motion picture machine. After several demonstrations an International Acme projector and sound outfit was purchased and the latter part of the season saw the cadets enjoying the finest talkie productions.

EIGHTH GRADE

EIGHTH GRADE CLASS HOLDS ELECTION

After strenuous politics and much ballyhoo, the election results of the Eighth Grade was announced. The following were elected:

RALPH PAGANO	President
NORMAN ROSENBERG	Vice-President
MILTON ALBERT	Secretary-Treasurer
EUGENE NUFER	Sergeant-at-Arms

SEVENTH GRADE ELECTS

Cheers! Razzing! Much disagreement marked the following in the election of officers of the Seventh Grade:

SYLVESTER HOJNACKI	President
JACK SPITALNY	Vice-President
FRANK CHRISTIAN	Secretary-Treasurer
WILLIAM ERICKSON	Sergeant-at-Arms

OFFICERS FOR SIXTH GRADE

It is too bad that everyone could not be an officer, because of the disagreement, but since a choice had to be made the following are the officers:

VICTOR LEATZOW	President
JAMES WYLIE	Vice-President
CLARENCE LAUTZENHEISER	Secy.-Treas.

It looks like we'll have quite a few candidates for President in about fifteen years if this keeps up.

FIFTH GRADE ORGANIZATION

The Fifth Grade election was not difficult, as there were four officers to be picked out of five boys. The following are "IT":

ARTHUR JOHNSON	President
ROBERT SCHENK	Vice-President
HERBERT BUDRICK	Secretary-Treasurer
HARRY FURNIFUR	Sergeant-at-Arms

EIGHTH GRADE PERSONNEL

Here it would be well to tell about each. Mr. Wolf is a fairly good worker when started. Schoenbrod is a glutton for work and just eats it up and cries for more. Kallis, when his mind is made up to work he is a good worker. Fitch does all that is expected of him. Mann sees that all toe the mark, while Captain Mayhew gives much helpful information and advice.

The staff has only one thing to say, that is that you will enjoy reading it as much as the staff enjoyed making it.

SWIMMING AT THE "Y"

Every Saturday, Captain Wise takes a detail of cadets to the 111th Street, Y. M. C. A. for a swim. The swimming instructor is trying to teach the boys all he can, and he thinks that they are pretty good. The swimming instructor has scheduled three meets for the boys, but this book goes to press before the results could be obtained, so you will have to be in suspense as to the results.

The boys who usually go are:

ALBERT	HOJNACKI
WOLF	KALLIS
WICKMAN	ROSENBERG
ARONSON	GLAESCHER
PAGANO	NEHMAN
NITTER	TANNER
LOVICK	JEROME
LEATZOW	WYLIE

BIG YEAR IN DRAMATICS

The Dramatic Club was organized under the direction of Mrs. McClure. They have had two plays and are contemplating a third. The first was named "Why the Chimes Rang," and was very successful. The gist of the story was:

Holger and Steen, two little boys, had planned to go to the Christmas Services at the great Cathedral, but their grandmother became ill and their mother has to go to her, which meant that the two boys had to stay home. They are sulking around the house when their Uncle walks in and says that he is going to take them to the services. They are getting ready to go when a old lady creeps in and falls on the floor. They discover that she is ill from exhaustion and hunger. Steen, Bertel, and the uncle want to go, but Holger wants to stay and take care of the old lady. Holger gives Steen two pennies to give to the Christ Child at the Cathedral, and stays at home with the woman, while the others went to the services. Holger falls asleep and dreams that Steen gave his pennies, and the chimes, that would only ring when a gift of love was placed on the altar rang. He wakes up and finds the old woman gone.

CAST

Holger	Robert Slaney
Steen	Theodore Liss
Bertel	Maxwell Wolf
Old Woman	Sylvester Hojnacki
Priest	Jack Spitalny
Angel	Harry Davis
Lady of the Court	Roy Schoonbrod
King	Ted Fitch

Their second play was in honor of the Bi-Centennial of George Washington. There were three scenes depicting the life of George Washington.

Washington, the Surveyor

Mammy Sal	Maxwell Wolf
Mary Washington	Jack Whitfield
George Washington	Robert Stromer
Lord Fairfax	Sylvester Hojnacki
Van Bamm	Robert Slaney

The Making of the Flag

Betsy Ross	Theodore Liss
Polly	Jack Spitalny
George Washington	Robert Stromer
Assistant	Robert Schenk

Bringing Home the Bride

All those that were in the first two, with the addition of Washington's Bride, Arthur Johnson.

We hope that the Dramatic Club will continue to do its good work in producing plays for the occasion, and maybe some day one of these actors will be a great movie or stage star!

BIG MILITARY YEAR

This year the Lower School Military Unit consisted of one company under the leadership of Captain Nufer. The company was divided into two boarding student platoons and one day student platoon. The first platoon was under the leadership of 1st Lieutenant Pagano, the second under the direction of 2nd Lieutenant Schoenbrod and the third under the leadership of 2nd Lieutenant Beckwith. The non-commissioned officers ably assisted those in charge.

Captain Muhl, the tactical officer, has worked very hard trying to organize a smooth unit. He has received the cooperation of Captain Driggers, who gives the Lower School a Military Inspection for the augillette every month.

OUR FACULTY

This year our faculty consists of Captains Mayhew, Wise, Pratt, Scott, Muhl, and Mr. Stover. Captain Pratt was the basketball and baseball coach. Then comes Captain Wise who coached tennis and did a very good job of it; and the stamp club while it lasted. Captain Muhl was the track and lightweight basketball coach. Captain Scott was a very fine drum and bugle corps director. He had much success with them during the year.

In a brief summary the Lower School had a very fine faculty this year and we know that every one of them did his best to help the boys in every way he could. Mrs. Gotham as Matron has helped us all.

SCHOLARSHIP RATINGS

The following cadets have had the honor of being first, second, or third, in scholarship. The boys having over 3.5 get a green bar. The rating for the first semester is:

HEAVYWEIGHT FOOTBALL TEAM

HEAVYWEIGHT FOOTBALL ACTION

The Heavies, under the expert coaching of Capt. Pratt, had one of the most successful seasons that a Lower School heavyweight team has ever had. They won four games out of six. The first encounter of the season was with the ancient rivals, Algonquin, who were defeated with a score of 35 to 13 on October 3. The second game was with a school the Lower School had never played before. The Heavies came through with flying colors and took them, 18 to 7 on October 10. The team then beat Vanderpool on October 24 by a 49 to 7 victory. On October 31 they made the largest sweep of the season by defeating Rogers Park 69 to 0. The Heavies were a little too sure of themselves when they met St. Joseph's on November 17 and accordingly were beaten for the only defeat of the season the score being 24 to 12. The Maroons then tied the last game of the season with Iroquois 7 to 7 on November 21.

LIGHTWEIGHT FOOTBALL STARS

The Lights did not do quite as well as the Heavies, winning 3 out of 6 games. The first game was with Algonquin, who took them 7 to 0. They then came back by taking the village team 13 to 0. They then played their last game under the leadership of Capt. Muhl by again meeting Algonquin, who again beat us, 28 to 0. Mr. Stover then took them in hand for three more games. The first or fourth game was with the Beverly Hills Red Devils, who beat us 24 to 0, but the lights took it out on the next game with the Village which we won 27 to 0. The last game of the season was with the Boys Club whom we beat 24 to 0.

The letter men were:

THOMAS (Capt.)	ALBERT
ROTH	LISS
ELLIS	SPITALNY
HOJNACKI	WYLIE
CHRISTIAN	SCHOENBROD
	LOVICK

TENNIS TEAM AT WORK

The Tennis team is under the direction of Captain Wise, and consists of:

ALBERT	ROTH
REDELL	BRITT
WOLF	SPITALNY
FITCH	SCHOENBROD

They have two meets scheduled at the time this book goes to press, and will probably have more later. We hope that some of these boys will develop into Bill Tildens or better, which probably will be the case if Captain Wise is the coach we think he is. Good Luck boys!!!

HEAVYWEIGHT BASKETBALL

The heavies had a very nice season, the team won most of their games and under the fine coaching of Captain Pratt got out a better heavyweight team than ever before. Some of the games were very slow and some were so fast that you could not see all of it at once, but the L. S. team always had that fine spirit and it sure showed up in the games. When the other team was winning our boys went in the game with a spirit that was wonderful, and nearly always won. The lettermen of the team were:

ROTH	PAGANO	GLAESCHER
ARONSON	NUFER	NITTER
EVANS		ROSENBERG

There was a very fine piece of work on the team and under the fine coaching of Captain Pratt the boys learned the game of basketball thoroughly and had a good time doing it.

"Hennery's Diary"

1931

May 10—We paraded last Sunday in full dress white (groans), with the "B" Company, first platoon showing their loyalty by forming a perfect "B". Professor Reaves suggests a new curriculum plan, and if that is to contain a new menu we are with him. Sproul won the typing record, and now has all the typing to do for the ACADEMY NEWS, which all goes to prove that the price of fame is—! The team lost another ball game, but that isn't news. This is Mother's Day—mud six inches deep, and the parade called off, but speeches were held in the gym—mamma's damp, but proud.

May 17—The sophomore class began work on their new pewee golf course—and I suppose the next catalogue will declare a "nine hole golf course is only another of the distinguishing features of this singularly well equipped school"—oh hum! that's life. The freshman class organized for the first time in the school's history—pretty big, those freshmen thought—that is until Friday. After the last hasty preparations, the corps stood up under the strain of Government Inspection, its rigors unparralleled—but then all things, even Government Inspection, must come to an end, and then—the glorious week-end!

May 24—Ah—at last some variety—the baseball team actually defeated Luther High by the overwhelming score of 10-9! But that isn't all (this must be the week of weeks) Barrash actually refused his usual third helping at Mess. It surely must take a great love to sustain him! Open House Week-End was held—a big success, even if fourteen guests did faint at the firing of the three inch gun (incidentally Sergeant Nolan almost fainted himself when he found out it could fire) and Zimmerman refused to fire in the sham battle claiming he couldn't see the whites of Lasser's eyes, because they were bloodshot, and Cleveland's tent was pitched so nicely that he simply couldn't resist sleeping in it.

May 31—Honor School! We did it again, and we'll do it some more. The Band played before the Executive Club of Chicago at the Sherman Hotel, and Brekke came near falling through his big drum. He was so shaken by the incident that his egg missed a certain junior on his way to the Junior-Senior Dinner Dance, and speaking of dances that was a wow! (No, I'm not asking you!) The Decoration Day Parade through the loop was called off but Morgan Park once more crashed through, leading the column in a parade all by themselves, the rain supplying quite a patter of applause (now is that satire?)

June 6—The seniors at last managed to slip through their final exams with much flipping of coins, and all thoughts now turning to the decoration of the gym for the last and most elaborate of hops, the renowned Senior Prom. For the first time in quite a while the tennis team lost a match, they were defeated by Lake Forest 7-0, but that is somewhat ameliorated (ouch) by our triumph over Loyola in track 58-37. Alumni Day was quite

The 1932 Skirmisher

a success in spite of the rain, for we took our esteemed forerunners for a ride, both in baseball and golf.

June 11—Guardians were nominated Sunday, and Baccalaureate service gives the evening to Dr. H. P. Rall, at the Methodist Church, then the final Exams! Crepe was hung on Blake Hall, and everyone talked and even thought in whispers. Tuesday the letters were awarded in Basketball, Baseball, Track, Rifle Team, Tennis, Golf and finally the Guardians were chosen. "A" Company of course won the competition Wednesday morning, and later a parade was given for the seniors. In the evening the glorious Senior Prom was held, and it is a wonder how many freshmen seemed to wander into their full dress blouses backwards, (ask Zimmerman why he didn't show till reveille). Graduation was held in the Congregational Church, and school was dismissed after the flag pole formation to give farewell to the seniors—Well, good bye old book's!

September 20—Well, this is the 20th, and only 269 more school days this year—easy, what? Now I don't want to call anyone simple, but the freshmen want their rifles! Berries for lunch (?) it looks like the same old school, but these chefs do fall into such habits. But speaking of berries, Willie Mohr formally announced that Dot is looking as well as ever, and Jane is to grace more than one dance. (Oh, by the way, he speaks French now—if you don't believe it, ask him; he'll pipe up *parlez vous French*.) Sales are poor this year—depression, I guess—I only made a dollar and ten cents on pep meeting tickets, and I actually heard there wasn't a key sold for the flag pole! There's taps—that's all; hit the ball!

September 27—ACADEMY NEWS comes out! (Now I'll be editor, wait and see, flattery has its advantages). Captain Hirsch spoke on the character and inventions of the late Thomas Edison, and Wednesday night lights were put out for one minute in honor of that great benefactor. I did more serious thinking on the benefit of giving to mankind in that one minute than I probably have done in all my life before. Thursday the schedule was changed to give the football players the advantage of additional daylight, but it certainly does seem queer to play football after lunch and then go to the sixth period classes just before Mess III.

October 4—The varsity team lost their first game Saturday to Michigan City

High School, but then it isn't a conference game, and a lot of experience was gained. Much talk is of the Harvest Moon dance, which is to be held in the gym, decorated in true harvesting fashion. The costumes are to consist of elaborate overalls, bordered daintily with Western Avenue mud, and old bandanas or sun hats Extra!—Gladstone makes startling announcement in Captain Gray's class that he can't wake up—he wasn't sleeping. First parade was held, with promises of glorious repetition. (All together now—a Bronx cheer!)

October 10—Second list of Officers and Non-Coms came out and Willie Mohr was greatly indignant because they omitted his middle initial. Yeidel apologized however and W. J. Mohr was further placated by his mother offering him a sabre which could be put in the sheath either backwards or forwards, and another great calamity was averted. Norton,

The 1932 Skirmisher

Nelson, Graver, and Morgan showed their exceptionally great swimming ability in the game with Onarga—Graver by doing the Australian crawl around right end. Furmaniak celebrated by wearing his new boots, and imagine his surprise when they wouldn't come off, and he had to sleep in them.

October 17—Bob Zechman announced his intention of training, before sending in his application for West Point, "If only I could get more dessert, Earle Leiderman wouldn't have a thing on me." The Dramatic Club put on a play called "The Bishop's Candlesticks," but as no candlesticks were available they used glass saltcellars from the Mess Hall, but aside from that everything went along beautifully. Yeidel acted as sergeant of Gendarmes, and Kopek, whom he ordered around in Pittsboig French, acted as just Gendarme. Of course the names of the starring roles are of too great consequence to be mentioned in this mere doing, but we may hint that Jack Samuels would make a good wife to some willing bishop.

October 24—The corps is beginning to think seriously of the self sacrificing, unflinching life of a veterinarian, since listening to a soul-stirring lecture on the frightful consequences when the streptococci mix it up with the onomatopoea (well, it sounded some thing like that) and already Samuels knows what to do for a baby with the colic—call a doctor. Pomaranc seems to be having trouble with the new schedule, he almost despaired when after the recreation period he washed his thumb preparatory to his usual custom of sticking it in the soup bowls, only to find he had two periods to go and would have to wash again.

October 31—Dad's Day, and as usual Calvert had to break into the pictures with his white pants and patent leather hair, while the Dad's crack squad gave us many useful pointers for government inspection. Brekke had his big moment (40 seconds to be exact) smearing the St. Alban's heavies, in fact he persuaded a few opposing stalwarts to take up a game not quite so rough. The seniors spent a delightful week catching missiles of affection in the form of over ripe tomatoes proffered by the village swains, unable to resist the invitation of the open windows of Blake Hall. Dear old Halloween.

November 8—Many an awed maiden has been consumed with curiosity as to the thoughts of those "manly cadets as they stand so stern and silent in those WONDERful dress uniforms." It may be violating a sacred trust, but here they are (or aren't): There's Jane—hope she sees me . . . so Cermak will clean up the city in sixty days—huh! Wisht he'd start on my room . . . that shako feels like

The 1932 Skirmisher

a noose . . will that woman ever shut up? . . must have left the hanger in my blouse—feels like a straightjacket . . wonder what I'll get to eat at home . . (mental capacity exhausted).

November 15—It's easy to see that Rube Goldberg would be a lot more poignant (means wistful) in his strip "That's Life" if he had ever sold charity tickets. An enterprising cadet can scour the village for days on end receiving only chilly replies of "No suh—she ain't in," in his search for kind hearts linked to loose purses, only to find that on a day forbidding and after a regular downfall of rain the park is literally overflowing with people eager and even anxious to part with their

hoardings to revel in the sight of four well meaning teams shamelessly taking mud baths in public.

November 22—Hold your seats, boys—The academy has gone native. The self sacrificing cadets nobly gave up the pleasing prospect of evening study hall, (which was considered by most the one redeeming feature of this barren existence) to view the thrilling spectacle of Chief Whirling Thunder exhorting the great spirit for fire-water, Farm Relief, freedom for Ireland, and abolishment of Reveille. Scholler took to wearing a loin cloth, Mann delighted the ears of the kaydet corpse by singing the Indian Love Song, and a calamity was narrowly averted, when Schleicher attempted to try his new pistol on Chief One Grunt Caruso.

December 6—Big days—The Guv'nor has visited our humble domain. Rudd everlastingly endeared himself to the cadet corps by dropping his rifle during the reception parade—was his face cerise? Cleveland in his own cute way gave his conception of a train announcer at home, calling "Present Arms" and "Inspection Arms" until exhausted and the corps turned blue from cold. Bennett seemed a trifle anxious while receiving his commission; and grabbed rather naughtily, while the Guv'nor wise-cracked, but Schofield took the gold plated tomato juice cocktail when he tapped the Chief-Exec on the shoulder with a here-I-am-air for his commission.

December 13—Schleicher delighted the second floor of East Barracks by a personal appearance in those Christmas Eve Pajamas—and Klein obliged by donning the other pair—somehow they looked too well at home in them. Paul Pinkerton can be seen about the campus gazing at stars, practising for his Yuletide interpretation of the lost philosopher—I mean, the Other Wise Man. The corps has attended school faithfully for four Saturdays and drilled four Wednesdays and now prospects of a sixteen day vacation.

The 1932 Skirmisher

1932

January 10—When bigger and better are made Henry will make them. Swade copped the embossed bunch of carrots upon a personal appearance in an evening gown of calico. Gladstone frightened the women into hysterics when he said "boo" at them in Indian. Zimmerman took a candle and when apprehended by Captain Kling in his haste to find a place of concealment, popped it in his mouth where he found plenty of room—Oh "Zimmie" is waxing brilliant—Yes, the Pow-Wow was a success.

January 17—The House Party was pulled off in Alumni Hall and a good time was had by all. If you don't believe your scribe, just ask Tom Gately or "Pete" Scholler. Elgin Academy invaded our gym and were thoroughly trounced 28-22. Wow! Some Team. Sure looks like a winner. Administration Day went over with a bang—Catch, Superintendent: Gately, Asst. Superintendent. Catch is a dead ringer for Col. Abells. Listen to Eich trying to tell us why he didn't sink that last basket in the Hammond game. That boy's name should be (Alibi) Eich.

January 24—Great talent to be at Mid-Winter Frolic. Rumors are that the Right Honorable Orphan Annie and Sophie Tucker are to appear at the gathering. The world, or rather the Morgan Park Bank came to an end last Monday which put Captain Wilson in a precarious position by having exactly 37 cents more than yours truly has. Rifle team fired against Evanston High and lost by the narrow margin of two points, 847-845. Tough luck. Better luck next time. The heavies were beaten by Onarga 25-10.

January 31—Wrong again—its not a wake, even though the corps appears to be morosely waiting for the hearse—its exams! Exams! They got us again. In fact even Joffe was too tired too jeer when one of the machines in the Mid-Winter Frolic gave its last feeble breath (do they breathe)?—and around 12:30 Kozel's dancing began to look rather shopworn. Oberman became slightly maudlin at the sight of Fifi D'Orsay, and could be heard sighin' "Ain't Love Grand." Wiersema was absolutely disgusted with the orchestra—"no oompah-horn". However nothin', not even the zero weather could cool Gately's ardor as he gazed into her eyes.

February 7—It seems that the ACADEMY NEWS stunt about a beauty contest is doomed to go the way of the fated Marching Song contest—not a ballot returned—except Eich electing Eich. Too much advertised Military Night must have wound up as a tie seeing that it didn't come off and Captain Wilson again postponed the Dramatic Club Play—will that sheet ever find anything to write about—what they need is real home talent like yours truly. The Guardians are already functioning, already these masters of destiny have organized into a stormy pulsating, strong-blooded, irresistible group—very evident when they petitioned for more and better "chile" they got it, too—our heroes.

February 14—Captain Taylor scores again!—he frightened a detail away from a perfectly good play by donning his best ghost story air and solemnly announcing that "Mourning Becomes Electra," is grim stark tragedy! Great rejoicing when

The 1932 Skirmisher

"Dick" Calvert sends word that he has been convalescing in the infirmary, but will be in condition for the dance Saturday Night. Catch is back in school—for the purpose of keeping numerous social engagements; and there is much conjecture as to why "Heinie" Furmaniak is always seen heading for 99th and Prospect—there's no barbecue on that corner. Van Order announced in a especially arranged interview, that he's not superstitious—he's willing to comb his hair—but just never does manage to get around to it.

February 21—"A" Company is leading in the ticket sales for the Minstrel Show, but of much more importance socially is the search for the latest in a free-for-all stunt night. By the way, have you ever seen Harold Barrash in a chemise and a lace handkerchief? Lee Gladstone gave his impression of Timelock Foames in that forty alarm thriller "Maddened by Mystery" or "Nero, My Dog has Fleas." Lyman and Meadows appeared in the most form-fitting underwear (heavy) and read the "Morgan Park Marines," while Willie Mohr was quite a barker, even better than Moreover.

February 28—Though space is scarce, Lee Gladstone shall be honored by having his short-story, which has in it the four essentials (brevity, reference to religion, some association to nobility or royalty, and an illustration of modesty) printed verbatim: "My gawd," said the Countess, "take your hand off my knee!" Vocational week was exceedingly helpful, especially to the seniors, who join the bread-lines in June. At least we're getting some class to our house-parties. Saturday we were entertained by Bing Crosby, Marjorie King, Ben Bernie, Clyde McCoy, and "Red" Craig!—don't scoff—a radio helped, only we couldn't turn Craig off—we had to put him out!

March 6—If ever in doubt about anything ask Cadet Byfield (who is, of course a gentleman). He is of vast knowledge—and can describe almost anything—especially well the sensation while alighting on a large, mushy cake belonging to a small but exceedingly valuable woman, while rounding a curve on the "L". A touch of beauty was added to our already ornate Alumni Hall by the hanging of four large oil paintings. The mess hall can now be referred to as "Beauty and the Bears." If anyone finds a red sash, eleven feet long and answering to the name of "Alexander" will he kindly return it to Jim Kent.

March 13—The night Club Dance was a big success, especially so since Calvert was there. (Honestly, one couldn't hear the orchestra because of the girls hearts pounding as he entered—no, made an entrance). "Beaver" Albert certainly had stage fright during the performance—he was shaking so he couldn't do that grass skirt justice. "Chuck" Vrhel won this weeks handsomely upholstered celluloid ash tray for his answer as to what the Sergeant of the 37mm. gun carries—he immediately replied "A pair of opera glasses." When Meadows cranked the Austin Saturday night it ran up his sleeve and tickled him to death. (Don't blame me for that—its in the ACADEMY NEWS). When Gladstone tells you he was there with his Crosley, when the Lindbergh baby was kidnapped, don't believe him—he hasn't even got a Crosley.

March 20—The Minstrel show is a great success, especially with Bruce Sells raptly telling us with palpitating palette about "Lil' Liza Jane," and Vrhel

whispering about the "Waltz You Saved For Me." Have you ever seen Schleicher in a billowing skirt? If you haven't, yours is a blighted existence. But even these are naught with the prospect of Howland entrancing the captivating Miss Le Vee with a lingering kiss, which made the somebody that loved, only too evident.

Cleveland in the stress of his emotions forgot even that he was a day student, a really good performance, while Lee Gladstone by mere vocal power chased the "Lonely River" river quite far away from his door. Vacation soon.

April 3—Back from Spring vacation—on the last lap at last. The menace of final exams is somewhat dulled by the treacherous approach of Government Inspection, but even that is almost forgotten in the dusty routine of drill, supplemented by an hour or more of sand papering helmets, slings, cleaning, polishing, and the sacred and sweet policy of brushing packs. The school is forced to overdraw the budgets since Caruso and La Tourette simply can't get into the habit of eating breakfast after drilling with rifles, and as a consequence eat full dinners instead.

April 17—Physics students visited Western Union and many saw their life ambitions, roller-skating messengers, and later the class went to Western to test the speed of sound with rifles and stop-watches. Vogl was elected to shoot (and also to clean) the rifle, and so in the interests of science he put it to his shoulder and fired. Now he is trying to tell us he's suffering from shell-shock. The school has announced a summer school this year and it's to be cold. Now Calvert will have to flunk (that is as an added incentive) so that he can keep the co-eds from not missing the true Morgan Park Spirit. Imagine—a perfectly sane school, without any formations, drill periods, or even melodious bugle calls.

April 24—Well, the Officers Dance went over with a bang, it must have, considering the number of machine guns, 37mm. guns, and even the one pounder present. Did you ever see the expression on Eich's face, after writing one hour on the permit, when told "her mother wouldn't let her come." Catch and Gately were having a duel with their sabres, held above the couples in the grand march—much to the distress of the couples—though Catch's sabre could hardly reach Gately's. "Heinie" Furmaniak helped the party by deserting Edith to eat more ice cream than was gentlemanly, and Paul Psik delighted us by doing the "rumba upside-down."

May 1—The first full dress white parade of the year, but the imminent peril of the full-field inspection by Colonel Anderson tomorrow puts aside all thoughts of complaint. The packs are all neatly rolled, slings polished, helmets painted and prepared, O. D. in readiness in fact everything first for the tomorrows inspection, then, in a week, the dreaded Government Inspection. However, we are out to get Honor School again, and **we will get it!** This diary has been kept fitfully if not faithfully throughout the year, and is finished. S'long, old book; Absynia!

ANOTHER ROGERS ANNUAL

DISTINCTIVE

There is something distinctive about a Rogers' printed book. The clean cut appearance of the cuts and type matter is the result of the skill and experience of 24 years of annual printing.

We enjoy the patronage of high schools and colleges throughout the United States who want a distinctive book of the prize-winning class. Your specifications will receive our prompt and careful attention.
